

Odum School of Ecology
UNIVERSITY OF GEORGIA

CORPORATE PARTNER PROGRAM

WHY JOIN OUR COMMUNITY?

Collaborations between industry and universities drive innovation in business and education. Odum School Corporate Partners support the school's priority initiatives with a tax-deductible gift and are offered opportunities for engagement with our students and faculty, designed to align with their recruitment needs and philanthropic interests.

- MEET THE NEXT GENERATION OF TALENT.
- DISCOVER EMERGING IDEAS.
- GAIN VISIBILITY AT EVENTS.
- NETWORK WITH LIKE-MINDED LEADERS.
- MEET YOUR ENVIRONMENTAL STEWARDSHIP GOALS.

ANNUAL PARTNERSHIP
BEGINS AT

\$2,500

Want to make a difference in the lives of our students and the future of the planet? Make your qualifying gift today!

2025-2026 SIGNATURE EVENTS

Odum School of Ecology Signature Events showcase the contributions of our research and service, connecting our students with professional networks and fostering connections between community and industry leaders.

Partnership recognition at Signature Events begins at \$5,000 and includes: logo placement on digital and print materials, social media recognition and early registration access.

COASTAL RESILIENCE SERIES

*Symposium // September 11, 2025
Workshop // Spring 2026*

This series of speakers, panels and discussion connects stakeholders in education, research and public service. Together, UGA partners unite to solve the environmental challenges facing Georgia's coast.

RIVER BASIN CENTER EVENTS

*Confluence // October 17, 2025
Climate & Water Slam // Spring 2026*

This series features UGA's emerging water research. *Confluence* highlights student posters on science and policy, and the *Climate & Water Slam* showcases fast-paced talks at the intersection of water and climate.

NETWORKING NIGHT SERIES

*Athens // Fall 2025
Atlanta // Spring 2026*

This social event connects UGA Ecology and Sustainability students, faculty and alumni with industry and community leaders for an evening of networking.

ECOLOGY SEMINAR SERIES

Wednesdays at 10:00 AM

This series showcases weekly research seminars from experts at UGA and beyond in ecology and conservation.

AGRIVOLTAICS INITIATIVE

Roundtable // Sept 30, 2025

This annual meeting connects stakeholders in Georgia's energy transition to solve challenges at the intersection of renewable energy, sustainable agriculture and environmental resilience.

UGA SUSTAINABILITY SHOWCASE

Spring 2026

This event features a keynote speaker and student presentations. Attendees network with UGA Sustainability students, faculty and capstone partners with a shared commitment to sustainability.

2025-2026 COMMUNITY EVENTS

Odum School mixers, panels, fun runs or student-organized events unite our community around ecological discovery and action. Deepen our impact by joining us in our pursuit for a more resilient future, together!

Partnership recognition at Community Events begins at \$2,500 and includes logo placement on various communications or swag, plus early registration access.

GRADUATE STUDENT SYMPOSIUM

Winter 2026

This annual showcase of student research features a keynote speaker, poster sessions and presentations. Graduate students gain leadership skills organizing this event. Partnerships are investment in the future of ecological science.

JOHN SPENCER RIVER RUN

Winter 2026

This fun run and nature walk remembers the life of Odum School student John Spencer. This 5K and birding walk supports John Spencer Research Grants—empowering graduate students to create solutions to pressing water resource challenges.

BIRKLEY HEYDEN TURTLE TROT

Spring 2026

This fun run remembers the life of Odum School student Birkley Heynen. This 5K supports the Birkley Heynen Coastal Resilience Scholarship—empowering undergraduate students to participate in ecological field work on Georgia’s coast.

ALUMNI AND STUDENT MIXERS

Various

Social events at professional conferences, after signature events or in regions with many alumni connect the Odum School community in a relaxed setting. Partners gain access to emerging talent and experts.
