

SONIA M. ALTIZER

CURRICULUM VITAE

Odum School of Ecology
University of Georgia
Ecology Building
Athens, GA 30602

Phone: 706-542-2968
Fax: 706-542-4819
email: saltizer@uga.edu

<https://www.ecology.uga.edu/directory/sonia-altizer/>

PROFESSIONAL PREPARATION

- 1988-1992 Duke University, B.S. in Biology, graduated with honors
- 1993-1998 University of Minnesota, Ph.D. in Ecology. Thesis: Ecological and evolutionary interactions between monarch butterflies and a protozoan parasite (Advisors: Karen Oberhauser and Don Alstad)
- 1999-2000 Princeton University, Science and Technology Postdoctoral Fellow, Department of Ecology and Evolutionary Biology. (Mentors: Andy Dobson and Dan Rubenstein)
- 2000-2001 Cornell University, Postdoctoral Research Associate. Laboratory of Ornithology. (Mentor: André Dhondt)

FACULTY POSITIONS

- 8/14 – present **Georgia Athletic Association Professor of Ecology**, Odum School of Ecology, University of Georgia.
- 8/08 – 7/14 **Associate Professor**, Odum School of Ecology, University of Georgia.
- 9/05 – 8/08 **Assistant Professor**, Odum School of Ecology (formerly Institute of Ecology), University of Georgia.
- 9/01 – 8/05 **Assistant Professor**, Department of Environmental Studies, Emory University.

HONORS AND AWARDS

- 2023 SEC Academic Leadership Development Program Faculty Fellow
- 2020 Elected Fellow of the American Association for the Advancement of Science (AAAS)
- 2018 Lamar Dodd Creative Research Award, UGA Office of the Vice President for Research
- 2017 UGA Womens' Leadership Faculty Fellow, Office of the Provost and Faculty Affairs
- 2016 Lothar Tresp Outstanding Honors Professor Award, UGA Honors College
- 2015 Finalist, Outstanding Graduate Mentor Award in the Life Sciences, UGA Graduate School
- 2014 Georgia Athletic Association Professor of Ecology (endowed professorship)
- 2014 Dean's Award, Odum School of Ecology (for outstanding service to the unit)
- 2013 Outstanding Faculty Instructor Award, Odum School of Ecology, University of Georgia

- 2011 Wissenschaftskolleg zu Berlin Fellowship (visiting scholar award from the Institute for Advanced Study in Berlin, declined owing to FMLA leave)
- 2008 Presidential Early Career Award for Science and Engineering (PECASE); awarded annually by the White House to ~60 early career scientists and engineers
- 2008 Award for Teaching Excellence, Odum School of Ecology, University of Georgia
- 2003 Teaching Excellence Award, Phi Beta Kappa, Emory University Chapter
- 2001 Royal Entomological Society of London Award - best paper in Society's Journals

ADMINISTRATIVE EXPERIENCE

Interim Dean, Odum School of Ecology, University of Georgia (July 2021-July 2023). Served as chief academic and administrative officer of the school; made strategic decisions regarding budget, program development, and implementation of the school's strategic plan. Provided leadership, guidance and advocacy for faculty, staff and students. Cultivated relationships with alumni and communicated with external audiences to elevate the school's profile, secure financial resources, and enhance support for the school. Oversaw faculty and staff hiring and annual evaluations. Collaborated with associate deans, center directors and executive committee of the school to advance instructional, research, service and outreach activities. Represented the Odum School to the University's senior administration, collaborated with other schools and colleges at UGA to advance initiatives, and built internal and external partnerships.

Notable accomplishments:

- Led transitions of instructional, research, and other activities during Covid-19 pandemic
- Collaborated with other schools and colleges in recruiting 6 new faculty members to Ecology
- Oversaw launching of the Odum School undergraduate student ambassador program
- Created 3 new staff positions, including grants coordinator and academic programs specialist
- Led the school through a year-long phase of high staff turnover; oversaw reassignment of mission-critical duties, and recruited new core staff members, including financial director and IT director
- Established foundation funds to support undergraduate experiential learning, student-led outreach program, sustainability certificate program, undergraduate study away, and school-level development activities
- Implemented annual giving strategy to focus on graduate and undergraduate student needs, and planned gifts to support the school's research & public service centers
- Secured the first doctoral student endowed scholarship for the school via a board-of-trustees match
- Expanded the number of endowed professorships in the school
- Established the Odum School's first ever alumni board comprised of 13 alums from diverse career sectors including industry, government science, and non-profit conservation
- Supported successful student, parent and alumni events including Parents & Families Day, convocation, and alumni mixers at international scientific conferences
- Increased school-level transparency in resource inputs and expenditures, and reporting on progress towards strategic plan goals

Associate Dean for Research and Operations, Odum School of Ecology, University of Georgia (July 2020-July 2021). Oversaw strategic planning associated with the research mission of the school. Promoted faculty scholarship including pre- and post-award facilitation for grants and contracts, conference travel and professional leave, and coordinated faculty awards and recognition. Liaised with other units and senior administrators on matters related to research and operations. Assisted the Dean

with faculty annual evaluations and merit raise allocations. Developed budgetary costs associated with maintaining and upgrading facilities, chaired the school's space and facilities committee, and chaired the school's executive committee.

Notable accomplishments:

- Enhanced facilities at the Odum School's core research field station, including construction of new research buildings, resources for aquatic mesocosm work, addition of high-speed internet, and modernized security/access to the site
- Facilitated 7 successful faculty research and teaching award nominations
- Planned and oversaw core facilities updates for student work areas, collaborative spaces and commons areas throughout the Ecology building
- Created first-ever research and facilities operating budget for the school
- Developed and updated the school's first indirect cost return policy

Academic Coordinator, Odum School of Ecology, University of Georgia (July 2017-August 2019). Implemented instructional assignments of faculty and maintained 5-year master teaching plan for the school. Communicated with Undergraduate and Graduate Program Advisors to load courses, ensure adequate classroom space and scheduling, and summer school funding. Coordinated student and peer teaching evaluations. Collaborated with Associate Dean and Academic Programs Committee to develop annual budget for graduate teaching assistants, and secure funds for classroom improvement and teaching equipment.

Notable accomplishments:

- Designed and managed 5-year master instructional database for all faculty and courses in the unit
- Created a system to track the number of teaching assistants and funding sources for GTAs
- Reorganized sections of introductory courses (ECOL 1000 and 3500) to improve student experience and stabilize enrollment
- Worked with academic advisors to create the first 3 Double Dawgs (4+1 BS/MS) pathways for the school

Associate Dean for Academic Affairs, Odum School of Ecology, University of Georgia (August 2012-July 2017) Led the school's academic activities and strategic planning for instruction, mentoring and advisement. Directed and supported faculty teaching and scholarship, degree programs and associated curricula, instructional facilities and infrastructure, as well as faculty and graduate student teaching assignments. Developed agendas for faculty meetings and assisted the dean with annual evaluations of faculty and determination of merit raise. Facilitated faculty searches and appointments, including graduate faculty status, and adjunct and courtesy appointments. Developed Student Learning Outcomes and served as SLO coordinator. Recruited and supervised Instructional Laboratory Coordinator. Assigned faculty instruction and managed equitable workload of teaching. Represented the school in monthly meetings with the Office of the Vice President for Instruction, and liaised with other associate deans and academic leaders on matters relating to academic programs. Participated in annual budgeting process with the Provost office.

Notable accomplishments:

- Co-led Program Review and Assessment Self-Study for the School in 2016
- Oversaw the creation of a new interdisciplinary Ecology A.B. undergraduate degree program
- Developed unit-level guidelines to support faculty professional leave and travel
- Made strategic decisions to increase capacity and enrollment in high-demand introductory-level courses, which generated unit-level budgetary increases (> \$900,000 since FY15) that enabled Ecology to hire new faculty, expand the number of unit-funded graduate teaching assistants, launch a teaching postdoctoral scholar program, and increase budget for academic initiatives

- Initiated the development of student learning outcomes and assessment for Ecology
- Managed Ecology's move into new state-of-the-art instructional spaces
- Supported the recruitment of 10 new faculty members and 3 full time staff members

RESEARCH INTERESTS

Insect ecology and behavior; pollinator conservation; ecology of infectious diseases, especially in relation to animal movement, social behavior, and global environmental change; evolution of host resistance and parasite virulence

GRANTS AND CONTRACTS (selected)

National Science Foundation Research Grant (Coupled Natural and Human Systems). 10/1/2019-3/31/2024. \$1,599,933. *CNH2-L: Social and ecological determinants of multi-host vector-borne infections in dynamic tropical landscapes*. PI: J. Drake. Co-PIs: N. Gottdenker, J.P. Schmidt, S. Tanner, and J. Velasquez-Runk. (Altizer is senior personnel)

National Science Foundation REU Site Program Grant. 2/1/2017-1/31/2024. \$527,256. *REU Site: Population Biology of Infectious Diseases*. PI: J. Drake. Co-PIs: M. Strand, S. Altizer.

National Science Foundation Research Grant (Population and Community Ecology). 6/1/2018 – 5/30/2024. \$423,342 (UGA portion). *Collaborative Research: How do shifts from migratory to sedentary behavior alter host-parasite dynamics?* Lead PI: Sonia Altizer. Co-PIs: R.J. Hall, J.C. de Roode, C. Taylor, and K. Oberhauser.

National Science Foundation Conference Award. \$20,000. *New Frontiers in Animal Behavior and Parasitism*. 5/1/20-4/30/22. Lead PI: Sonia Altizer. Co-Ps Vanessa Ezenwa and Richard Hall.

Strategic Environmental Research and Development Program (SERDP) Grant (U.S. Department of Defense). 5/1/2017-7/30/2022. \$2.2 million (Altizer portion \$282,000). *Will climate-mediated phenological shifts affect population viability? A test with butterflies on Department of Defense lands*. PI: Elizabeth Crone. Co-PIs: Sonia Altizer, Cheryl Shultz, Diane Debinski.

National Science Foundation Research Grant (Ecology and Evolution of Infectious Diseases). \$2.1 million (Altizer portion \$191,000). *Consequences of anthropogenic resources for the cross-scale dynamics of an enteric pathogen in an avian host*. 9/1/15-5/30/23. PI: Sonia Hernandez. Co-PIs Sonia Altizer, Richard Hall, Kristen Navara, Jeff Hepinstall-Cymerman.

National Science Foundation RCN Grant. (Ecology and Evolution of Infectious Diseases). \$500,000. 9/1/2013-12/30/19. *RCN Proposal: Macroecology of Infectious Disease*. Lead-PI: Patrick Stephens; Co-PIs: Sonia Altizer, Robert Poulin, Katherine Smith, Alonso Aguirre.

U.S. Forest Service Contract. 12/1/12 – 12/31/13. \$8550. *North American Monarch Institute Conservation and Education Workshop*. PI: Karen Oberhauser. Co-PI: Sonia Altizer.

National Science Foundation Research Grant (Population and Community Ecology). 9/01/10-8/30/14. \$579,908. *Demographic and behavioral responses to resource shifts and the transmission of rabies in vampire bats*. PI: Sonia Altizer. Co-PI: Pej Rohani, Daniel Streicker

National Science Foundation CAREER Grant (Population and Community Ecology). 2/01/07-1/31/13. \$679,492. *CAREER: Animal migrations and infectious disease dynamics: monarch butterflies as a global case study*. PI: Sonia Altizer

US Fish and Wildlife Service Great Ape Conservation Fund Award. 8/26/11-9/30/13. \$31,292. Close-contact pathogens, sexually transmitted diseases, and African ape conservation. PI: S. Altizer, co-PI: Rebecca Stumpf, Julie Rushmore.

National Science Foundation Workshop Award (Ecology and Evolution of Infectious Diseases). 9/1/07-8/31/12. \$371,751. *Training Workshops on the Ecology and Evolution of Infectious Diseases*. PI: Mike Antolin. Co-PIs: Sonia Altizer, Drew Harvell, Pete Hudson, Mary Poss.

Commission for Environmental Cooperation Grant. 4/15/09-7/31/09. \$24,000. *Collaborative online approaches to sharing and integrating monarch monitoring data within North America*. Co-PIs: Sonia Altizer, Karen Oberhauser, Leslie Ries, Andy Davis.

CDC-UGA Seed Grant Award. 2/1/09-1/30/11. \$85,000 *Ecological and anthropogenic drivers of vampire bat-transmitted rabies outbreaks*. PI: Sonia Altizer. Co-PIs: Pej Rohani, Charles Rupprecht, Daniel Streicker

Conservation International. 1/1/06-4/30/08. *The role of pathogens in mammalian conservation*. \$32,300 (FY 2006) and \$13,000 (FY 2007). PIs: Sonia Altizer, Charlie Nunn, Andrew Dobson, John Gittleman

Southeastern Center for Emerging Biological Threats. 5/1/05 – 8/31/06. \$48,815. *Emerging diseases in urban landscapes: the ecology of two zoonotic pathogens in their avian reservoir hosts*. PI: Sonia Altizer. Co-PIs: David Stallknecht, Samantha Gibbs, Robert Tauxe, Susan Parker.

National Science Foundation Research Grant (Population and Community Ecology). 7/15/02 – 7/15/05. \$190,000. *Understanding the diversity of parasites and infectious diseases in three mammalian orders*. PI: Sonia Altizer. Co-PI: Charlie Nunn.

National Science Foundation Research Grant (Ecology and Evolution of Infectious Diseases). 10/15/02 – 8/30/05. \$64,748 subcontract. *Dynamics of an emerging disease in an introduced host*. Lead PI: Dr. André Dhondt, Cornell Laboratory of Ornithology. Subcontract PI: Sonia Altizer

PUBLICATIONS

121 peer-reviewed journal papers and 2 other publications

CREATIVE CONTRIBUTIONS OTHER THAN PUBLICATIONS

1. Online databases and web resources

The Global Mammal Parasite Database – a comprehensive data set of over 10,000 records of parasites and pathogens reported from wild populations of primates, carnivores and ungulates. Developed by S. Altizer, C. Nunn, V. Ezenwa, and P.R. Stephens. <https://gmpd2.ecology.uga.edu/>

The Monarch Butterfly Parasites Website – providing detailed information on the biology, transmission and current research on *Ophryocystis elektroscirra* and other parasites of monarch butterflies. Developed and coordinated by S. Altizer. www.monarchparasites.org

2. Conferences and symposia organized

2021: Conference organizer: “Research Frontiers in Animal Behavior and Parasitism;” virtual conference hosted by the University of Georgia. Co-organized with Vanessa Ezenwa and Richard Hall and sponsored by the Center for the Ecology of Infectious Diseases. Sessions featured 28 invited and contributed talks, break-out groups, virtual poster session, and networking lunch.

2019: Conference organizer: Pathogens Gone Global Conference at Duke University. Co-organized with Patrick Stephens and Charlie Nunn. Sessions featured 12 invited speakers, debate, and panel discussion, and 140 registered participants.

2016: Symposium organizer for Annual Meeting of the Ecological Society of America: “Anthropogenic resource provisioning and infectious disease dynamics.” Co-organized with Dr. Richard Hall and Dan Becker. Session included 8 invited speakers. Talks motivated a theme issue of Phil Trans B, with 10 papers published in 2018.

2015: Conference organizer: 13th Annual International Conference on the Ecology and Evolution of Infectious Diseases, University of Georgia, venue: Classic Center. (Co-organizer: Dr. Andrew Park) Meeting events include 22 invited and contributed talks and 350+ participants from the US and Europe.

2014: Conference steering committee. Impact of Environmental Changes on Infectious Diseases, 23-25 March 2015, Sitges, Spain. (conference sponsored by Elsevier, one of 8 steering committee members)

responsible for planning the program and reviewing contributed talks. 400+ participants.

2010: Symposium organizer for US-IALE (Landscape Ecology) Conference, Athens, GA. (co-organizers: John Drake and Ross Meentemeyer). “Landscape ecology and infectious disease dynamics.” Session included 6 invited speakers

2009: Conference organizer: 7th Annual International Conference on the Ecology and Evolution of Infectious Diseases, University of Georgia. (Co-organizer: Dr. Pej Rohani.) Meeting events include 22 invited and contributed talks and 200 participants from the US and Europe.

2007: Symposium organizer for Annual Meeting of the Ecological Society of America: “Ecological immunity, epidemics and environmental change.” Co-organized with Dr. Johannes Foufopoulos. Session included 10 invited speakers.

2004: Conference organizer: 2nd Annual International Conference on the Ecology and Evolution of Infectious Diseases, Emory University. (Co-organizer: Dr. Leslie Real.) Meeting events included 24 invited talks and over 100 participants from the US and Europe.

2004: Oral session organizer for Annual Meeting of the Ecological Society of America: “Parasites and Host Social Organization: Ecological and Evolutionary Perspectives.” Co-organized with Dr. Charlie Nunn. Session included 10 invited speakers.

3. Collaborative working groups

2013-2019: “Macroecology of Infectious Diseases” **NSF-sponsored Research Coordination Network**. Organizers: Patrick Stephens, Sonia Altizer, Alonso Aguirre, Robert Poulin

2015: “Monarch Butterfly Recovery – A **John Wesley Powell Center for Analysis and Synthesis Working Group**.” Ft. Collins, CO. Organizers: Darius Semmens, Karen Oberhauser.

2013: “Migratory network theory, monarch butterfly declines and response to environmental change” **NimBioS working group**, Knoxville, TN. Organizers: Richard Hall and Caz Taylor

2009-2011: “Monarch butterflies as a model for understanding the spatiotemporal dynamics of migratory species and their response to environmental change,” **NCEAS working group**, Santa Barbara, CA. Organizers: Sonia Altizer, Karen Oberhauser and Leslie Ries.

2009: “Sharing and integrating monarch butterfly monitoring data in North America to address conservation and management needs,” **Working group sponsored by Commission for Environmental Cooperation**, Athens, GA. Organizers: Sonia Altizer, Andy Davis, Karen Oberhauser and Leslie Ries.

2007: “Biodiversity and infectious diseases,” **Diversitas Working Group**, EcoHealth Meeting, Madison, WI. Organizer: Dr. Peter Daszak.

2006: “Parasites and the conservation of biodiversity,” **Conservation International working group**. Washington, D.C. Organizers: Sonia Altizer, Charlie Nunn, Amy Pedersen.

2003-2005: “Seasonality and the dynamics of infectious diseases,” **NCEAS working group**, Santa Barbara, CA. Organizers: Andrew Dobson and Mercedes Pascual.

2004: “Infectious diseases and conservation biology,” **Conservation International working group**, Washington, D.C. Organizers: Charlie Nunn, Andrew Dobson and John Gittleman, 11/02-1/04.

2001-2003: “Understanding the ecology and evolution of infectious diseases in mammalian mating and social systems,” **NCEAS working group**, Santa Barbara, CA. Organizers: Sonia Altizer and Charlie Nunn.

2000-2002: “Conservation and infectious diseases,” **NCEAS working group**, Santa Barbara CA.

Organizers: Andrew Dobson and Robert Holt.

COURSES TAUGHT

University of Georgia

ECOL 1000: *Ecological Basis for Environmental Issues.* Ecological concepts that underpin modern environmental challenges; population growth, loss of diversity, resource limitation, pollution, and global climate change. Enrollment: 280. Co-taught for 10 terms between Spring 2008-Fall 2018.

ECOL 1000H: *Honors Ecology.* Honors break-out section to accompany ECOL 1000. 9-14. Taught 4 terms between Fall 2016-Fall 2022.

ECOL 4150L/6150L. *Population Biology of Infectious Diseases.* Examines the spread and evolution of pathogens and parasites in human and wildlife systems. Enrollment: 32-46. Created course and co-taught 8 terms between Spring 2012 and Spring 2021.

ECOL 4000/6000. *Population and Community Ecology.* Major forces driving population dynamics, species interactions, and the structure of ecological communities. Enrollment: 14-24. Taught Fall 2006, 2007,

ECOL 4950: *Senior Seminar.* Discussion and critical appraisal of reports of original research and/or surveys of the technical literature in ecology. Enrollment: 14-24. Taught 3 times between Fall 2013-Fall 2017.

FYOS 1101: *First Year Odyssey Seminar.* Taught 5 sections between Fall 2011-Spring 2016.

ECOL 8530: *Interdisciplinary Problem Solving in Infectious Disease Ecology.* Graduate capstone course that provides interdisciplinary training and collaboration on real-world infectious disease problems. Enrollment: 8-12. Created course and co-taught for 3 terms between Spring 2019-Spring 2021.

ECOL 8990: *Graduate seminar in the Ecology and Evolution of Infectious Diseases.* Advanced topics related to host-pathogen ecology and evolution. Enrollment: 11-14. Taught Spring 2006, 2008.

University of Virginia

BIOL 4761/7761: *Ecology of Wildlife Diseases.* Field course at Mountain Lake Biological Station (Pembroke, VA) to introduce students to diverse wildlife pathogens and parasites and the forces that determine their spread and evolution. Enrollment 8-14. Taught Summer 2000, 2005, 2008, 2013, 2018.

Emory University

ENVS 345: *Conservation Biology.* Upper-level undergraduate course to cover: extinction crisis; major causes of extinction; population viability analysis; parks and protected areas; habitat restoration; environmental ethics. Enrollment 17-23. Taught Fall 2001, 2003.

ENVS 132: *Integrative Methods in Environmental Studies.* Introduction to environmental issues related to air quality, water quality, climate change, biodiversity, land conservation, and human populations. Enrollment: 22-35. Taught Spring 2002, 2004.

ENVS 385: *Population Ecology.* Introduction to major forces driving population dynamics, species interactions, and the structure of ecological communities. Enrollment: 14. Taught Fall 2004.

ENVS 249: *Ecological Invasions.* Spread and impacts of invasive species around the world, as relates to fundamental ecological principles and case studies. Enrollment: 18-24. Taught Spring 2003, 2005.

ENVS 385: *Insect Ecology.* Surveys the major insect orders and key traits; insect behavior, population growth, species interactions, and conservation issues. Enrollment: 12. Taught Spring 2004, 2005.

IBS 796R: *Coevolution* (graduate seminar). Discussion of concepts and case studies in coevolutionary

interactions, including pollination, herbivory, predation and parasitism. Enrollment: 12. Spring 2003.

Princeton University

EEB 210: *Evolutionary Ecology*. Introductory course on fundamental concepts and case studies in evolutionary ecology, including: natural selection, population ecology, species interactions, macroevolution, and animal behavior. Enrollment: 41-50. Taught two terms (Spring 1999, 2000)

SUPERVISION OF STUDENT RESEARCH

1. Doctoral dissertations directed (19 PhD students, in chronological order)

- a. Elizabeth Lindsey, Emory University, PBEE Graduate program. 2002-2008. *Genetic and environmental determinants of parasite resistance in monarch butterflies*. Dissertation completed.
- b. Catherine Bradley, Emory University PBEE Graduate program, and University of Georgia Ecology graduate program. 2003-2009. *Urbanization and infectious disease ecology in wild songbird communities*. Dissertation completed.
- c. Jamie Winternitz, University of Georgia Ecology PhD program. 2006-2012. *Immunogenetic diversity in montane voles and other wild mammals*. CTGED NIH graduate fellow. Dissertation completed.
- d. Daniel Streicker, University of Georgia Ecology PhD program. 2006-2011. Co-chair with Dr. Pejman Rohani. *Viral host shifts: ecological dynamics, cross-species transmission and host adaptation in bat rabies*. Dissertation completed. NSF graduate research fellowship, Robert C. Anderson Memorial Award, SciLife Prize AAAS Young Investigator Award.
- e. Julie Rushmore, University of Georgia DVM/PhD Program. 2007-2013. *Social and ecological drivers of pathogen transmission in East African great apes*. Dissertation completed. Morris Animal Foundation fellowship, Fullbright fellowship, James L. Carmon Scholarship Award, Robert C. Anderson Memorial Award.
- f. Shan Huang, University of Georgia Ecology PhD program. 2007-2012. Co-chair with Dr. John Gittleman. *Evolutionary history explains the distribution and diversity of mammals and their parasites*. Dissertation completed. James L. Carmon Scholarship Award
- g. Alexa Fritzsche McKay, University of Georgia Ecology PhD program. Co-chair with Dr. Vanessa Ezenwa. 2010-2016. *How do the demands of reproduction and long distance migration alter immunity in monarch butterflies?* Dissertation completed. NSF graduate research fellowship; NSF Dissertation Improvement Grant
- h. Dara Satterfield Ecology PhD program, University of Georgia. Co-chair with Dr. John Maerz. 2011-2016. *Understanding how shifts from migratory to sedentary behavior influence pathogen dynamics in a butterfly host*. Dissertation completed. NSF graduate research fellowship, NSF Dissertation Improvement Grant; Stoddard-Burleigh-Sutton Conservation Award.
- i. Dan Becker, University of Georgia Ecology PhD program. 2012-2017. *Resource provisioning and infectious disease dynamics in wildlife*. Dissertation completed. NSF graduate research fellowship; NSF Dissertation Improvement Award; UGA ARCS Foundation Fellowship; Stoddard-Burleigh-Sutton Conservation Award; Robert C. Anderson Memorial Award.
- j. Ania Majewska, University of Georgia Ecology PhD program. 2013-2019. *Effects of pollinator-friendly gardens on butterfly recruitment, abundance and infectious disease dynamics*. Wormsloe Graduate Fellowship, Joan DeWind Award for Insect Conservation, Robert C. Anderson Memorial Award.
- k. Cecilia Sanchez, University of Georgia Ecology PhD program. 2014-2019. *Nutrition, immunity and infection in urban bats*. NSF graduate research fellowship; UGA ARCS Foundation Fellowship. Robert C.

Anderson Memorial Award.

- l. Claire Teitelbaum, University of Georgia Ecology PhD program. 2016-2021. Co-chair with Dr. Richard Hall. *How do nomadic species and their pathogens respond to changing resource distributions?* UGA Presidential Graduate Fellowship; NSF graduate research fellowship. James L. Carmon Scholarship honorable mention.
- m. Maria Luisa Mueller Theissen, University of Georgia Ecology PhD program, IDEAS graduate program. 2018-present. Co-chair with Dr. Nicole Gottdenker. *Determinants of host range and cross-species transmission for a protozoan parasite of milkweed butterflies.*
- n. Isabella (Izzy) Ragonese, University of Georgia Ecology PhD program, IDEAS graduate program. 2018-present. Co-chair with Dr. Richard Hall. *Climate change responses of infection dynamics in a migratory host.* NSF graduate research fellowship.
- o. Cali Wilson, University of Georgia Ecology PhD program, IDEAS graduate program. 2018-present. Co-chair with Dr. Richard Hall. *Feeding wildlife in urban parks: effects on behavior, species interactions, and infection dynamics.*
- p. Anna Willoughby, University of Georgia Ecology PhD program, IDEAS graduate program. 2018-present. Co-chair with Dr. John Drake. *Behavioral and immunological consequences of campsite scavenging in park wildlife.*
- q. Phillip Michael Newberry, University of Georgia Ecology PhD program, IDEAS graduate program. 2018-present. Co-chair with Dr. Courtney Murdock. *Microhabitat selection and the dynamics of vector-borne disease.* NSF graduate research fellowship.
- r. Juliana Hoyos, University of Georgia, Ecology PhD program, IDEAS graduate program. 2020-present. Co-chair with Dr. Nicole Gottdenker. *Deforestation, reforestation, and dynamics of a multi-host vector-borne parasite in the tropics.*
- s. TJ Odom, University of Georgia, Ecology PhD program, IDEAS graduate program. 2020-present. Co-chair with Dr. Andrew Park. *Climate change, animal range shifts, and parasitism in Appalachian salamanders.*

2. Masters students directed (6 MS students)

- a. John Cherry, Emory University. 2002-2005. *Ecological and genetic approaches to understanding variation in *Mycoplasma gallisepticum* in wild House Finches.*
- b. Christina Faust, University of Georgia. 2007-2009. Joint BS/MS program in Ecology. *Role of freshwater invertebrates in the aquatic cycle of avian influenza virus.* Udall, Mitchell, and Truman scholar
- c. Emily Cornelius, MS co-advisor with Andy Davis. 2011-2013. *Parasite infection, immune defense and stress in migrating songbirds.* Wormsloe Fellow.
- d. Cody Prouty, University of Georgia. 2019-21. *Sublethal consequences of neonicotinoid pesticides on monarch butterflies.* Lincoln Brower inaugural award recipient from the Monarch Butterfly Fund.
- e. Ashley Ballew, University of Georgia. 2019-21. *Nectar resources, parasitism, and monarch butterfly flight performance.*
- f. Caroline Aikins, University of Georgia. 2021-22. Co-chair with Dr. Takao Sasaki. *Collective decision making in monarch butterflies.* Presidential Management Fellow.

3. Postdoctoral researchers supervised (7)

- a. Amy Pedersen. 2005-2006. Supported at University of Georgia on startup funds. Currently on the faculty of the School of Biological Sciences, University of Edinburgh
- b. Jacobus de Roode. 2005-2007. Supported at University of Georgia on Marie Curie – European Union Fellowship. Currently Professor, Department of Biology, Emory University.
- c. Rebecca Bartel. 2008-2011. Supported at University of Georgia on NIH/NRSA Ruth Kirschstein Fellowship. Currently Terrestrial Ecologist with the US Fish and Wildlife Service.
- d. Barbara Han. 2008-2011. Supported at University of Georgia on NSF Bioinformatics Fellowship. Currently Disease Ecologist, Cary Institute of Ecosystem Studies.
- e. Daniel Streicker. 2012-2013. Supported at University of Georgia on NSF DEB grant. Currently a faculty member at the University of Glasgow.
- f. Leone Brown. 2015-2017. Supported at University of Georgia on NSF Math-Bio Fellowship. Currently a lecturer at Tufts University.
- f. Paola Barriga. 2014-2021. Previously a visiting postdoctoral scholar; currently lab coordinator in the UGA Department of Plant Biology.

4. Undergraduate students mentored in research

University of Georgia: 67 undergraduates supervised in research since 2005, including students enrolled in research credits (e.g., ECOL 4960), on hourly payroll, supported by CURO funds, and volunteer.

Emory University: 15 undergraduates supervised in research from 2001-2005, including students enrolled in research credits, on hourly payroll, and volunteer.

5. Undergraduate honors theses supervised (6 students)

University of Georgia

Christopher Brandon, undergraduate honors advisor (Ecology, May 2022)

Hayley Schroeder, undergraduate honors advisor (Ecology, May 2018)

Jean Chi, undergraduate honors advisor (Ecology, May 2009)

Malavika Rajeev, undergraduate honors advisor (Ecology, May 2012)

Emory University

Bethany Farrey, undergraduate honors advisor (Environmental Studies, May 2004)

Deborah Ladner, undergraduate honors advisor (Environmental Studies, May 2003)

6. Masters advisory committee member (8 committees)

Joy Vaz, University of Georgia, Ecology, masters committee (degree 12/21)

Megan Winzeler, University of Georgia, Ecology, masters committee (degree 4/16)

Malavika Rajeev, University of Georgia, Ecology, masters committee (degree 8/13)

Mindy Edelson, University of Georgia, CESD, masters committee (degree 8/13)

James Moree, University of Georgia, Ecology MS committee (degree 8/12)

Donna Gast, University of Georgia, Science Education, MS committee (degree 5/09)

Hanh Nguyen, University of Georgia, Ecology, masters committee (degree 7/07)

Jennifer Snaman, Emory University, PBEE, masters committee (degree 6/04)

7. Doctoral advisory committee member (19 committees)

Carlos Moreno, University of Georgia, Ecology, doctoral committee (in progress)
Mariana Matos, University of Georgia, Department of Anthropology, doctoral committee (in progress)
Annakate Schatz, University of Georgia, Ecology/IDEAS, doctoral committee (in progress)
Christen Steele, Tulane University, EEB, doctoral committee member (completed 6/22)
Allison Williams, University of Georgia, Ecology, doctoral committee (in progress)
Brett Nolan, University of Georgia, Entomology, doctoral committee (completed 4/16)
Jenna Malek University of Georgia, Ecology, doctoral committee (completed 11/15)
Alyssa Gehman, University of Georgia, Ecology, doctoral committee (completed 4/16)
Carrie Keogh, University of Georgia, Ecology, doctoral committee (completed 4/16)
Kimmy Kellett, University of Georgia, Ecology, doctoral committee (completed 8/15)
Sarah Budishak, University of Georgia, Ecology, doctoral committee (completed 7/14)
Sarah Sander, University of Georgia, Genetics, doctoral committee (completed 7/15)
Angie Maxted, University of Georgia, SCWDS, doctoral committee (completed 11/11)
Jodie Linder, University of Georgia, Genetics, doctoral committee (completed 3/09)
Nicole Gottdenker, University of Georgia, Ecology, doctoral committee (completed 6/09)
Renee Carleton, University of Georgia, WSFNR, doctoral committee (completed 10/07)
Matthew Bonds, University of Georgia, Ecology, doctoral committee (completed 7/06)
Tonya Mixson, Emory University, PBEE, doctoral committee (completed 11/06)
Jeff Smith, Emory University, PBEE, doctoral committee (completed 1/06)
Sarah Brosnan, Emory University, PBEE, doctoral committee (completed 5/04)

EDITORSHIP OR EDITORIAL BOARD ACTIVITIES

Board of Reviewing Editors: Science Magazine (AAAS), 2008-2016. Areas covered: infectious disease ecology, evolutionary ecology, organismal biology. Review 2-6 papers/month.

Associate Editor: Journal of Animal Ecology. 2013-2015. Handled 2-3 papers/month.

Associate Editor: Ecological Applications, 2007-2009. Handled 7-8 papers/year.

Invited ad-hoc reviewer for numerous scholarly journals, including: Proceedings of the Royal Society, Philosophical Transactions of the Royal Society, Journal of Animal Ecology, Ecology, American Naturalist, PNAS, Ecological Monographs, Animal Conservation, Biological Conservation, Ecological Applications, Ecological Entomology, Evolutionary Ecology Research, EcoHealth, Journal of Applied Ecology, American Journal of Primatology, Conservation Biology, OIKOS, Oecologia, Ecology Letters, Evolutionary Anthropology and more.

CONVENTION PAPERS AND RESEARCH PRESENTATIONS

1. Keynote and Plenary Addresses (8)

2019: Gordon Conference, Movement Ecology of Animals, March 2019, Invited speaker. Tuscany, Italy

2016: Steering committee invited keynote speaker, Annual meeting of the Canadian Society of Zoologists, London, Ontario, Canada.

2015: CURO (Center for Undergraduate Research Opportunities) Symposium Keynote Address, University of Georgia, Athens, GA.

2015: TEDxUGA Presenter, Athens, GA.

2014: Keynote invited speaker. North American Butterfly Association Annual Conference. Chattanooga, TN.

2014: Welcome to the Anthropocene UGA lecture series, Fall 2014. Athens, GA.

2012: Keynote invited speaker. European Wildlife Disease Association Meeting. Lyon, France

2012: Keynote invited speaker. Monarch Biology and Conservation Meeting. Minneapolis, MN

2. Invited symposium and conference talks (29)

2021: Symposium speaker, AAAS annual meeting (virtual), January 2021.

2020: Symposium Speaker, The Wildlife Society annual meeting (virtual), September 2020.

2019: Debate panelist, Pathogens Gone Global Symposium, Duke University, September 2019

2019: Conference Speaker, France-Atlanta Biodiversity Symposium, Emory University, October 2019

2019: Conference speaker, Tri-national science meeting on monarch butterfly conservation organized by the Commission for Environmental Cooperation. February 2019. Mexico City.

2016: Symposium speaker, International Congress of Entomology, XXV. Orlando, FL

2016: Symposium speaker, Annual Meeting of the Ecological Society of America. Ft. Lauderdale, FL

2014: Symposium speaker, Annual Meeting of the Ecological Society of America. Sacramento, CA

2014: Symposium speaker, Annual Ecology and Evolution of Infectious Diseases Conference, Ft. Collins, CO.

2013: Invited speaker, Institute of Medicine of the National Academies Workshop, *The Influence of Global Environmental Change on Infectious Disease Dynamics*, Washington, D.C.

2013: Invited speaker, Centre for Animal Movement Research Workshop, Lund, Sweden

2013: Invited speaker and workshop participant. IX. Göttinger Freilandtage. The Sociality-Health-Fitness Link. Göttingen, Germany.

2013: Symposium speaker. Annual Meeting of the Ecological Society of America. Minneapolis, MN

2011: Symposium speaker. Annual Meeting of the Ecological Society of America. Austin, TX

2011: Invited speaker. Jacques Monod Conference, Coevolutionary arms race between parasite virulence and host immune defence. Roscoff, France (withdrew for family/medical reasons)

2010: Invited speaker. Royal Society and the Zoological Society of London, Disease invasion: impacts on biodiversity and human health, London, UK. (withdrew for medical reasons)

2010: Symposium speaker. US IALE (Landscape Ecology) Conference. Athens, GA

2010: Symposium speaker. International Conference on the Biology of Butterflies. Edmunton, Canada

2007: Symposium speaker. International Conference on the Biology of Butterflies. Rome, Italy.

2007: Symposium speaker. Annual Meeting of the Ecological Society of America. San Jose, CA

2007: Invited speaker. Jacques Monod Conference, Evolutionary Genetics of Host-Parasite Relationships. Roscoff, France

2005: Invited speaker. Monarch Butterfly Population Dynamics Conference. San Luis Obispo, CA

2005: Symposium speaker. Annual Meeting of the Wildlife Society, Madison, WI

2005: Symposium speaker. Annual Meeting of the Pacific Branch of the Entomological Society of America, Pacific Grove, CA

2004: Symposium speaker. Annual Meeting of the Ecological Society of America. Portland, OR.

2003: Symposium speaker. Annual AAAS meeting. Denver, CO.

2003: Invited speaker. Ecology and Evolution of Infectious Diseases Meeting. Penn State University.

2001: Symposium speaker. Annual Meeting of the Ecological Society of America. Madison, WI.

4. Invited talks at universities and institutes (39)

Penn State University, Biology Department Seminar, January 2021.
Virginia Tech University, Center for Emerging, Zoonotic and Arthropod-Borne Pathogens. Distinguished Speaker Lecture Series. March 2021.
Mountain Lake Biological Station, University of Virginia, seminar speaker, June 2018
Penn State University, Center for Infectious Disease Dynamics seminar speaker, April 2018
Tufts University, Biological Sciences Department, seminar speaker, February 2018
University of Minnesota, Department of Ecology, Evolution and Behavior. 50th Anniversary Celebration keynote speaker. October 2017.
Duke University, Annual Ecology Symposium keynote speaker, March 2015.
Princeton University, Robert May Invited Lecture in Ecology and Modeling, September 2014.
Emory University, Biology Department, March 2014.
University of Georgia, Department of Pathology, February 2014.
Louisiana State University, Biology Department, February 2014.
University of Georgia, One Health Rabies Symposium, November 2013.
University of Minnesota, College of Veterinary Medicine, March 2013.
Penn State University, Center for Infectious Disease Dynamics, December 2012.
University of Georgia, School of Veterinary Medicine. Veterinary Sciences Day. November 2012.
UC Davis, Department of Entomology, seminar speaker, June 2012.
University of Colorado, Department of Ecology and Evolutionary Biology, March 2012.
Indiana University, Department of Ecology, Evolution and Behavior, November 2011.
Georgia Southern University, Biology Department, seminar speaker. October 2011.
Cary Institute for Ecosystems Studies, seminar speaker. February 2010.
University of Georgia, Entomology Dept seminar speaker. November 2009.
University of Georgia, Dept of Infectious Diseases, annual retreat invited speaker, April 2009.
University of Georgia, Dept of Microbiology seminar speaker. April 2009.
College of Wooster, Tri-Beta undergraduate honor society invited speaker. April 2008.
Ohio State University, OARDC, Dept. of Entomology. May 2008.
Colorado State University, Distinguished Ecologist Series. April 2008.
University of North Carolina, Department of Biology. November 2006.
Clemson University, Department of Entomology, October 2006.
University of Georgia, Lecture Series on the Ecology of Infectious Diseases, June 2006.
University of Montana, Department of Biology, March 2006.
Washington State University. Department of Biology, February 2006.
University of British Columbia. Zoology Department, November 2004. (job seminar)
University of Georgia. Institute of Ecology, November 2004. (job seminar)
Emory University, PBEE Graduate Program seminar series. October 2003.
University of Georgia. Institute of Ecology, September 2002.
University of Minnesota. Department of Ecology, Evolution, and Behavior, January 2002.
Panel discussion for Werner Fornos talk: *Population and the urban future: gaining people, losing ground.* Sponsored by Sierra Club and Emory University. November 2001.
Emory University, Department of Environmental Studies seminar series. November 2001.
Emory University, PBEE Graduate Program seminar series. October 2001

SERVICE

A. University of Georgia (University-level service)

- 2022: *Review and search committee*, Vice Provost for Academic Affairs. (appointed by the Provost)
- 2020-21. *Review and search committee*, Vice President for Research, Office of Research. (appointed by the Provost)
- 2019-21. *University Promotion and Tenure Appeals Committee* (elected college representative)
- 2019-20. *QEP Topic Selection Committee* (for SACSOC reaffirmation process; appointed by the President)
- 2018-21. *University of Georgia Faculty Research Awards committee*. (appointed by the Vice President for Research)
- 2016-2019. *University of Georgia Research Foundation (UGARF) Board member*. (elected representative from University Council)
2016. *Meigs Teaching Professorship Selection Committee*. Appointed by the Provost.
- 2016-2019. *University Curriculum Committee*, and Life Sciences and Social Sciences sub-committees.
- 2016-17. *UGA Athletic Association Professor selection committee*, College of Engineering. Committee appointed by Dean of Engineering.
- 2015-16. *Science Learning Center Planning and Steering Committee*. Appointed by the Vice President for Instruction.
- 2015-16. *Promotion and Tenure Criteria Review Task Force*. Committee appointed by the Provost.
- 2013-15. *Robert C. Anderson Memorial Award selection committee*. Appointed by Vice President for Research.
2013. *Davison Chair faculty search committee*, College of Veterinary Medicine. Committee appointed by Dean of Veterinary Medicine.
- 2009-2012. *UGA Distinguished Research Professorship selection committee*, appointed by the Vice President for Research.
- 2009-2010. *University of Georgia Research Advisory Council*, serving the Office of the Vice President for Research (OVPR).
- 2007-2008. *University Task Force on Research*, serving Provost and the Vice President for Research.

B. College-level service

Odum School of Ecology, University of Georgia

- 2020-2021. *Promotion and Tenure Committee Chair*. Odum School of Ecology.
2020. *Vector Ecologist Faculty Search Committee*. Odum School of Ecology.
- 2019-2020. *Graduate Program Committee*. Odum School of Ecology.
- 2019-2020. *Faculty search committee co-chair*. Lecturer of Ecology.
- 2018-2020. *Strategic Planning Committee*, Odum School of Ecology.
- 2018-2019. *Odum Postdoctoral Scholar search committee*.
- 2018-2019. *Center for Infectious Disease Ecology Postdoctoral Scholar search committee*.
2018. *Faculty search committee co-chair*, Ecology Lab Coordinator/Academic Professional
- 2017-18. *Faculty search committee co-chair*, Two Ecology Lecturer hires. Odum School of Ecology.

2017-18. Odum School 50:10 Symposium/ Anniversary Planning Committee.
 2015-2020. *IDEAS Graduate program steering committee member.*
 2015-16. *Faculty search committee*, Ecology lecturer hire. Odum School of Ecology.
 2015-16. *CURO Research Assistantship Liaison.* Odum School of Ecology.
 2015-2019. *Experiential Learning Representative.* Odum School of Ecology.
 2015-16. *Elements Administrative Liaison,* Odum School of Ecology.
 2014-15. *Ecology A.B. degree planning committee.* Odum School of Ecology.
 2013-2016. *Ecology seminar series committee,* Odum School of Ecology.
 2012-2018. *Undergraduate Program Committee.* Odum School of Ecology.
 2013-2014. *Vector Ecology faculty search committee,* Odum School of Ecology and College of Veterinary Medicine.
 2012-present. NSF REU site program in the Population Biology of Infectious Diseases. One of 3 faculty coordinators for a summer undergraduate research program funded by NSF.
 2012-2013. *Senior Ecologist faculty search committee,* Odum School of Ecology.
 2012-2013. *Strategic planning committee,* Odum School of Ecology.
 2008-2011. *Tenure and Promotion Committee,* Odum School of Ecology.
 2008-2012. *Dean's Advisory Committee,* Odum School of Ecology.
 2006-2007. *Seminar series coordinator,* Odum School of Ecology.
 2005-2007. *Space committee,* Odum School of Ecology.
 2007-2008. *Population Ecologist search committee,* Odum School of Ecology.
 2005-2006. *Population Ecologist search committee,* Odum School of Ecology.
 2005-2006. *Ecological Genetics search committee,* Department of Genetics.
 2007-2008. *Evolutionary Ecologist search committee,* Odum School of Ecology.

Department of Environmental Studies and Population Biology Graduate Program, Emory University

2001-2004. *Graduate Committee co-chair,* Department of Environmental Studies.
 2002. *Facilities and Equipment Coordinator,* Department of Environmental Studies.
 2001-2004. *Director of Recruiting and Admissions,* Graduate Program in Pop. Biology, Ecology, and Evolution.
 2002-2004. *Executive Committee,* Graduate Program in Population Biology, Ecology, and Evolution.
 2002-2005. *Seminar Committee,* Graduate Program in Population Biology, Ecology, and Evolution.
 2003-2004. *Scholarly Inquiry and Research at Emory Committee*
 2004. *Faculty Science Council Participant.*
 2004. *Strategic Planning Lunch Series with College Dean.*

C. Granting Agency Reviews and Panels

Grant Review Panelist, National Institutes of Health

2014, 2016. Genetic Variation and Evolution study section panelist.

Grant Review Panelist, National Science Foundation.

- 2017: Population and Community Ecology program review.
2013. Population and Community Ecology pre-proposal review panelist.
2012. Population and Community Ecology program panelist.
2009. Final site review team for NCEAS, an NSF-sponsored research center.
2008. Ecology program panelist.
2005. Evolutionary and Population Ecology program panelist.

Ad-hoc grant reviewer for the following funding agencies: National Science Foundation (ad-hoc referee); US Department of Agriculture, U.S. National Institutes of Health, Natural Environment Research Council (UK), Marsden Fund (NZ), Natural Sciences and Engineering Research Council (Canada), National Geographic Society; German Research Foundation

D. Other Professional Service

- 2012 – 2014. *Mercer Award Panel* (Ecological Society of America). Select recipients of ESA’s Mercer Award for best paper from a young investigator.
2013. *External faculty search committee member*, Swiss Federal Institute of Technology, Zurich (ETHZ), Assistant Professor of Disease Ecology.
- 2010 – 2013. *Science Advisory Board*. NCEAS. Review working group proposals and advise on fundraising and future priorities.

E. Public service and outreach

- 2006-2022: *MonarchHealth Community Science Project*. Launched in March 2006. We engage hundreds of volunteer participants from across North America in hands-on monitoring of parasites from wild populations of monarch butterflies. Managed through the Altizer lab at UGA, we host an educational website (www.monarchparasites.org), send sampling kits and educational materials to participants, analyze results of observer efforts, and communicate regularly with volunteers and nature enthusiasts to answer questions about monarchs, their parasites, and habitat needs. We also offer in-person and virtual lab tours to K-12 science teachers and students and nature enthusiasts.
- 2007-2022. *Insectival participant*, Event organized by Georgia State Botanical Gardens. Monarch butterfly migration and ecology station.
- 2014-2022 *Reynolds Public Lecture Series Presenter*. Topics: Monarch butterfly migration (2014); Pollinator gardens (2016); Native bees (2017); Secret lives of bats (2018); Insect apocalypse (2020); Monarch butterfly migration (2021); Wolves in the wilderness (2022)
- 2018: *Keynote speaker*, Georgia Pollinator Symposium. Monastery of the Holy Spirits, Conyers, GA.
- 2017: *Panelist, US Fish and Wildlife Service Expert Elicitation*, to review the proposed status of monarch butterflies as federally listed under the US Endangered Species Act.
- 2017: *Keynote speaker*, Georgia Pollinator Symposium. Monastery of the Holy Spirits, Conyers, GA.
- 2017: *Bobbin Mill Garden Club Lecture*. Gardening for monarchs and other butterflies. Athens, GA.
- 2016: *Rosalynn Carter Butterfly Trail Discovery Day Keynote speaker*. Carter Center, Atlanta, GA.
- 2015: *Butterfly Conservation Workshop Lecture*. Wormsloe Historical Site. *Butterfly gardens as tools for pollinator conservation*.
- 2010, 2011, 2012: Georgia Native Plant Symposium presenter for the Master Gardener course at Georgia

State Botanical Gardens

2006-2010. *Environmental Outreach*, Monarchs Across Georgia, Advisory Board and workshop instructor.

2007: *Georgia's First Annual Butterfly Symposium*. Fernbank Science Ctr, Atlanta, GA. Keynote speaker. September 2007.

2006: Dunwoody Butterfly Festival participant (organized a booth on monarch butterfly ecology), Dunwoody Nature Center, Dunwoody, GA.

2006: Program speaker for Oconee River Audubon Society meeting, Athens, GA.

2004: Program speaker for Men's Garden Club of Atlanta, GA.

2004: *Environmental Outreach and Training*. National Wildlife Federation, Earth Tomorrow Summer Institute (for inner city students). Half-day field demonstration on urban wildlife.

2003: Program speaker for Audubon Society's Atlanta Chapter, Atlanta, GA.

2003-2005: Steering Committee to establish a new nature reserve, *Friendship Forest*, in Clarkston, GA.
