

CURRICULUM VITAE**Krista A. Capps**

Odum School of Ecology & Savannah River Ecology Laboratory
140 E. Green St.
The University of Georgia
Athens, GA 30602-2202 USA
kcapps@uga.edu
<http://capps-lab.ecology.uga.edu/>

Items highlighted in grey occurred during this review period.

Education:

2012: Ph.D. Cornell University, Ithaca, New York

Ecology and Evolutionary Biology

Dissertation Title: *Changes in Community Structure and Ecosystem Processes in Response to Armored Catfish (Siluriformes: Loricariidae) Invasion*

Concentrations: Biogeochemistry, Community and Ecosystem Ecology, and Limnology

Special Committee Chair: Dr. Alex Flecker

2002: M.S. Indiana University, Bloomington, Indiana

Environmental Science, Emphasis: Applied Ecology

Advisors: Dr. Vicky Meretsky and William Jones

1998: B.S. Hope College, Holland, Michigan, *magna cum laude*

Majors: Biology, Political Science

Advisors: Dr. Kathy Winnett-Murray and Dr. James Zoetewey

Positions and Appointments:

2023: Member of the University Teaching Academy, U. Georgia

2023-2024: Senior Teaching Fellow, U. Georgia

2023-present: Associate Director, River Basin Center, U. Georgia

2022-present: Associate Professor, Odum School of Ecology, U. Georgia

2022-present: Associate Professor, Savannah River Ecology Laboratory

2022-present: Management Board, Diversity Joint Ventures

2020-present: Advisory Board Member, River Basin Center, U. Georgia

2018-2020: Lilly Teaching Fellow, U. Georgia

2016-2017: Service-Learning Fellow, U. Georgia

2016-present: Executive Committee Member, Center for Integrative Conservation Research, U. Georgia

2015-present: Assistant Professor, Odum School of Ecology, U. Georgia

2015-present: Assistant Professor, Savannah River Ecology Laboratory

2014-2015: Research Assistant Professor, Wildlife, Fisheries, & Conservation Bio., U. Maine

2012-2014: Postdoctoral Fellow, Sustainability Solutions Initiative, U. Maine

2011: Research Associate, Maine Center for Research in STEM Education, U. Maine

2010: Future Faculty Teaching Fellow, Cornell University

2010: Paul Fellow, Cornell University

2008: Fulbright-Hays Fellow, US Department of Education

2005-2011: Teaching Assistant, Cornell University

2004-2005: K-9 Instructor in Environmental Education, Physics, and Astronomy, Astrocamp

2002-2004: United States Peace Corps Volunteer, Honduras, Central America

2000-2002: General Biology Laboratory Instructor, Indiana University

Post-graduate Awards:

2023: Russell Award for Excellence in Undergraduate Teaching, University of Georgia

2022: Active Learning Leader Certificate, University of Georgia

2020: CAREER Award, National Science Foundation (NSF)

2019: Travel Engagement Award, Society for Freshwater Science

2018: Faculty Instructor of the Year, Odum School of Ecology, University of Georgia

2018-2020: Lilly Teaching Fellowship, University of Georgia

2017: Faculty Instructor of the Year, Odum School of Ecology, University of Georgia

2016-2017: Service-Learning Fellowship, University of Georgia
 2015: STEM Initiative Small Grant Recipient, University of Georgia
 2012: Sustainability Science Postdoctoral Fellowship, University of Maine
 2012: Best Oral Presentation in Basic Research (Runner-up), Society for Freshwater Science
 2011: Excellence in Teaching Award, Ecology and Evolutionary Biology, Cornell University
 2011: Student Travel Award, Ecological Society of America
 2010: Future Faculty Teaching Fellowship, Cornell University
 2010: Paul Fellowship, Cornell University
 2010: Orenstein Fellowship, Cornell University
 2010: Doctoral Dissertation Enhancement Program Award, NSF
 2009: Loiselle Conservation Fellowship, American Cichlid Association
 2009: Sigma Xi Student Research Award, Cornell University
 2008: Fulbright-Hays Fellowship, US Department of Education
 2008: Fulbright Student Grant Awardee, US Department of State (awarded, but declined)
 2007: PADI Foundation Research Fellowship, PADI Foundation
 2006: Kieckhefer Adirondack Fellowship, Cornell University
 2006: East Asia & Pacific Summer Institutes Fellowship, NSF (awarded but declined)
 2000: School of Public and Environmental Affairs Merit-Based Aid Award, Indiana University

Publications (#Invited papers; °Anchor author; *Graduate Advisee; ^Undergraduate Advisee):

IN PREP FOR SUBMISSION:

*°Cross, DA....KA Capps. Changing carbon processing potential on an urbanization gradient. In prep for *Freshwater Science*.
 *°Pendergast, C..... KA Capps. Patterns of failing centralized wastewater infrastructure: two decades of unintentional sewage spills in the greater Atlanta Metro Region. In prep for *Environmental Science and Technology*.
 *Lopez Avila, F .KA Capps..et al.. Microbial community succession on macroplastics: the ecological effect of plastic pollution in freshwater ecosystems. In prep for *Environmental Microbial Ecology*.
 *Bravo Ortiz, V., KA Capps. Evaluation of aquatic macroinvertebrates communities and habitats using molecular and morphological identification in streams at the Savannah River Site In prep for *Environmental Management*.
 *°Sharapi, J.KA Capps. Assessing the failure risk and associated socioeconomic characteristics of septic systems in Athens-Clarke County, Georgia In prep for *Environmental Science and Technology*.
 °Castillo, MM....KA Capps. Patterns in metabolism in large, tropical rivers. In prep for *Ecosystems*.
 Hopkins, K, KA Capps, et al. Compounding Complexity: Ubiquitous Challenges in Mapping Heterogeneity in Urban Watersheds In prep for PLOS One Water

IN PREP FOR RESUBMISSION:

Hale, R.L, et al. A macroscale framework for understanding urban watershed heterogeneity. Rejected, in prep for resubmission to *Limnology and Oceanography*.
 Lance, SL, A. Coleman, KA Capps, DE Scott, and AW Park. Environmental factors and community ecology drive patterns of ranavirus infection. In prep for resubmission.

IN REVIEW:

Tiegs, S., KA Capps, (co-first authors) et al. Predicting global organic-matter decomposition in flowing waters. In review. *Science*.
 Pease, A. A., Mendoza-Carranza, & Capps, K. A. (2023). Food resources supporting migratory fishes in a large, tropical river network. In review. *Fisheries*.

PUBLISHED JOURNAL ARTICLES:

Pease, A. A., Jacobs, G. R., Mendoza-Carranza, M., Rodiles-Hernández, R., Wenger, S. J., & Capps, K. A. (2023). Otolith microchemistry highlights the importance of extensive connectivity for conservation of an iconic migratory fish in a large tropical river basin. *Aquatic Conservation: Marine and Freshwater Ecosystems*.

BOOKS AND BOOK CHAPTERS:

Allan, J.D., M.M. Castillo, and **K.A. Capps.** 2021. Stream ecology: structure and function of running waters. Third Edition. Springer Science & Business Media; <https://www.springer.com/us/book/9783030612856>. Dr. Capps authored five of the 15 chapters. One of the chapters was completely new to the book (Stream Microbial Ecology) and the remaining four chapters were extensively restructured and updated (Stream Chemistry, Detrital Energy and the Decomposition of Organic Matter, Lotic Communities, Carbon Dynamics and Stream Ecosystem Metabolism). She co-wrote three additional chapters which were also extensively updated (Trophic Relationships, Energy Flow and Nutrient Cycling in Aquatic Communities, and Nutrient Dynamics). She contributed information pertaining to ecosystem ecology, urban stream ecology, and tropical stream ecology throughout the text. Dr. Capps also edited the entire manuscript with her co-authors. Previous editions of the book are downloaded extensively (>100,000 times) and are highly cited. Collectively, it has received more than 6,500 citations and been cited at least 270 times per year per year since 2007 (Google Scholar; Accessed: 30 September 20).

Pease, A. A., Capps, K. A., Castillo, M. M., Hendrickson, D. A., Mendoza-Carranza, M., Rodiles-Hernández, R., ... & Contreras-MacBeath, T. (2023). Rivers of Mexico. In *Rivers of North America* (pp. 974-1024). Academic Press.

Grants & Scholarships:SUBMITTED:

- NASA Onsite Wastewater Systems in Marginalized Communities: Research Opportunities at the Intersection of Environmental Justice and Hydro-meteorological Extremes \$3,683,369. Marshall Shepherd (PI, UGA); *(Rejected; planned to convert into new NASA proposal)*.
- EPA STAR: Creating Collaborative Community-Centered Monitoring to Address Wastewater Infrastructure Issues in Social-Ecological-Technical Systems (WiSE Communities) \$1,999,961. Krista Capps (PI, UGA) *(In review)*.
- NSF RaMP: Mentoring Research to Assess Change Across Freshwater Systems \$3,000,000. Krista Capps (PI, UGA) *(In review)*.
- Mellon Grant for the Humanities: Environmental Justice Section. Harnessing the Past to Understand the Present and Predict Future Issues in Environmental Justice: Fresh Water in the Deep South's Historic Black Bottoms. Scott Reynolds Nelson (PI, UGA) ~\$500,000. *(Submission January 2024)*

POST-GRADUATE RESEARCH AWARDS (*CO-AUTHORED BY GRADUATE MENTEE): *Italicized = UGA Internal Awards*

- TOTAL AWARDS POSTGRADUATE: \$5,484,417
- TOTAL EXTERNAL RESEARCH AWARDS: \$5,207,708
- TOTAL EXTERNAL AWARDS SINCE 2015 (UGA): \$3,472,733
- TOTAL EXTERNAL RESEARCH TO UGA SINCE 2015: \$2,178,650
- TOTAL FELLOWSHIPS SINCE 2015: \$13,997
- UGA INTERNAL RESEARCH AWARDS: \$157,901
- UGA TEACHING/MENTORING/DIVERSITY AWARDS: \$107,931

2024: Senior Teaching Fellows Project Development Funds (\$2,000) Krista Capps (PI, UGA) support for instructional project designed to strengthen courses and teaching methods in each participant's academic department

2023: Teaching Enhancement and Innovation Fund (\$560.00) Krista Capps (PI, UGA) support for active learning in the classroom

2022: Wet Weather Septic Study, Metro District ATL (\$199,000) Krista Capps (PI, UGA), Nandita Gaur (co-PI, UGA), Erin Lipp (co-PI, UGA), Rebecca Abney (co-PI, UGA)

2021: Savannah River Site Funding: Fish assemblages and biotic integrity as indicators of stream health on the Savannah River Site Stacey Lance (PI, SREL), Krista Capps (Co-PI, SREL), Dean Fletcher (Co-PI, SREL), Ben Parrott (Co-PI, SREL), Guha Dharmarajan (Co-PI, SREL), and Raven Bier (Co-PI, SREL),... (\$269,244)

- 2021: *UGA Presidential Interdisciplinary Seed Grant Program: Bloom and doom: Is increasing risk of harmful algal blooms an inevitable consequence of global change? Assessing risk and exploring strategies in Georgia from biological and social perspectives. PI: C. Struthers, Co-PIs: K. Capps, P. Hazelton, M. Ritchie, A. Strauss (\$142,145)*
- 2021: National Science Foundation (2136349): Research Experience for Post-Baccalaureate Students (REPS) in the Biological Sciences Supplemental Funding Opportunity, Supplemental funding. PI: K. Capps. (\$45,634)
- 2021: *UGA Teaming for Interdisciplinary Research Pre-Seed Program Request: Combining terrestrial and aquatic perspectives to advance our understanding of ecosystems. Lead PI: S. Wenger, Co-PIs: R. Abney, R., Bier, K. Capps, N. Gaur, C. R. Jackson, N. Wurzbarger. (\$3,250)*
- 2021: National Science Foundation (2015619): Collaborative Research: Scales and drivers of variability in dissolved organic carbon across diverse urban watersheds. (Ecosystems/Macrosystems Biology) Lead PI: Capps (UGA portion of grant) Project Lead PI: Rebecca Hale, Idaho State; Other PIs associated with the grant: Krissy Hopkins (USGS), John Kominoski (FIU), Jennifer Morse (PSU), Allison Roy (UMass). (UGA \$117,956; Total Budget \$1,412,039).
- 2020: National Science Foundation (1941555) CAREER: The impacts of anthropogenically-derived subsidies on freshwater ecosystems. PI: Krista Capps (\$1,184,890)
- 2020: Metabolismo del ecosistema en ríos tropicales: la influencia de la estacionalidad hidrológica y las presiones humanas (Ecosystem metabolism in tropical rivers: the influence of hydrological seasonality and human pressures). Convocatoria Ciencia de Frontera 2019. Consejo Nacional de Ciencia y Tecnología (CONACYT), México. Lead PIs: MM Castillo, M Cazanelli, El Colegio de la Frontera Sur (ECOSUR), México. Co-PIs: W. Arévalo Frias (UJAT), K. Capps, A. (UGA), Jarquín Sánchez (ECOSUR), M Mendoza Carranza (ECOSUR), A. Mesa Jurado (ECOSUR), D. Ramos Muñoz (ECOSUR), R. Rodies Hernández (ECOSUR), A. Ulseth (SHSU). (\$978,435 MX; ~\$44,633 USD; Awarded to ECOSUR)
- 2020: National Science Foundation (1952183): SCC-PG Smart Septic Strategies: Data Integration to Manage Hidden Infrastructure Threats to Our Homes and Communities (Division of Computer and Network Systems). Lead PI: Brian Bledsoe, Co-PIs: Krista Capps, Kyle Johnsen, WenZhan Song (\$150,000)
- 2020: National Science Foundation (2035534): RAPID: Soil and water biogeochemical response to COVID-19: increased stress on septic systems alters soil and water quality. (Geobiology & Low-Temp Geochem) Lead PI: Rebecca Abney, Co-PIs: Nandita Gaur, Lori Sutter, Krista Capps, Jacob Bateman McDonald (\$99,993)
- 2020: Savannah River Site Area Completion Projects: Examination of Cesium-137 accumulation in terrestrial and aquatic food webs in the Joyce's Branch Tributary. PIs: Stacey Lance, Larry Bryan, Krista Capps (\$67,000)
- 2017: Regional Water Plan Seed Grant, Georgia Environmental Protection Division, Investigating increasing bromide concentrations in the Butts County drinking water supply to support activities outlined in the Middle Ocmulgee Regional Water Plan. PI: Dr. Krista Capps (\$115,214)
- 2016: The Georgia Tech Resource Corporation, Linking water infrastructure and ecological stoichiometry. PI: Dr. Krista Capps (\$50,000)
- 2016: *Faculty Research Grants in Science and Engineering, The stoichiometric underpinnings of success: investigating the influence of the quality of basal food resources on the body condition, population dynamics, and community ecology of medically-important mosquitos. Lead PI: Dr. Krista Capps (\$9,946)*
- 2016: *CICR Faculty Research Development Grant. Lead PI: Dr. Krista Capps, UGA; Co-PIs: Dr. Jenn Rice, UGA; Dr. Kyle McKay, Army Corps of Engineers/UGA (\$2,000)*
- 2015: USGS Water Research Resources Institute, *Water budget, groundwater exchange and hydrologic variability of central Maine's seasonal forest pools.* Lead PI: Dr. Andy Reeve, UMaine; Co-PIs: Dr. Aram Calhoun, UMaine; Dr. Krista Capps, UMaine (\$55,070)
- 2014-2015: National Science Foundation (1427608) Catalyzing New International Collaborations, *Mexican Urban Stream Ecology* Lead PI: Dr. Krista Capps, UMaine; Co-PIs: Dr. Allison Pease, Texas Tech; Dr. Seth Wenger, UGeorgia (\$99,988)
- 2014-2015: UCMexus, *Context dependence of consumer-driven ecosystem effects across a river continuum: Integrating physiology, trophic ecology, and organismal stoichiometry* Lead PI: Dr. Donovan German, UC Irvine; Co-PIs: Dr. Krista Capps, UMaine; Dr. Allison Pease, Texas Tech (\$25,000)

- 2014-2015: National Geographic Conservation Trust Program, *Fisheries resources and ancient communities in a threatened Mesoamerican river: ecological and cultural implications of damming the Rio Usumacinta* Lead PI: Dr. Allison Pease, Texas Tech; Co-PI: Dr. Krista Capps, UMaine (\$19,600)
- 2014-2015: NSF DEB Workshop Proposal: *Symposium on Urbanization and Stream Ecology* Lead PI: Dr. Seth Wenger (\$14,116)
- 2013-2017: NSF Dynamics of Coupled Natural and Human Systems Program, *CNH: Small natural features with large ecosystem functions in urbanizing landscapes* Lead PI: Dr. Aram Calhoun, UMaine; Co-PIs: Drs. Kathleen Bell, Krista Capps, Malcolm Hunter, Michael Kinnison, Cynthia Loftin, UMaine; Dr. Dana Bauer, Boston University; Dr. Erik Nelson, Bowdoin College (\$1,488,433)
- 2012: USGS Toxic Substances Hydrology Program Research Grant Lead PI: Dr. Adria Elskus, UMaine; Co-PI: Dr. Krista Capps, UMaine; Chris Ingersoll, USGS (\$15,733)
- 2012: *Maine Agricultural and Forest Experiment Station Analytic Laboratory Research Grant (\$5,376)
- 2012: Research Grant, Maine EPSCoR (\$2,000)
- 2012: Seed Funding for Collaborative Grants Program, Maine EPSCoR (\$9,659)

POST-GRADUATE FELLOWSHIPS

- 2022: Women in STEM Leadership Program Fellowship, Alan Alda Center for Communicating Science
- 2022: *Active Learning Summer Institute Fellowship, UGA (\$7,500)*
- 2018: *Lilly Teaching Fellowship, UGA (\$2,000)*
- 2016: *Service-Learning Fellowship. Service-Learning in Urban Environments, UGA (\$2,497)*
- 2012: Sustainability Science Postdoctoral Fellowship, University of Maine

POST-GRADUATE TRAVEL AWARDS

- 2019: Society for Freshwater Science, Travel Engagement Award (\$300)

POST-GRADUATE TEACHING/SUPPORT FOR UNDERGRADUATE RESEARCH AWARDS

- 2022: *UGA Learning Technologies Grant (\$25,000) Xiaoming Zhai (PI, UGA), Krista Capps (co-PI, UGA), Amanda Rugenski (co-PI, UGA)*
- 2017: *Enhancing Human Diversity in the Pursuit of Research in Ecology, Evolution and Environmental Science at UGA. New Approaches to Diversity, University of Georgia. PI: Dr. Krista Capps (\$14,800)*
- 2016: *Student Technology Fee Funds Grant University of Georgia, Providing access to real-time environmental data in UGA Classrooms. PI: Dr. Krista Capps (\$45,571)*
- 2015: **The UGA STEM Initiative Small Grants Program, Development of a service-learning course on the ecology of the urbanized landscape. Lead PI: Dr. Krista Capps, UGA; Co-PIs: Dr. Seth Wenger, UGA; Mr. James Wood, UGA (graduate stipend and course costs)*
- 2014, 2015: Society for Freshwater Science Board of Directors/President's Discretionary Fund – Instars Mentoring Program to Broaden Participation of Undergraduates from Under-represented Groups and Ethnic Minorities, Co-PI Status (\$10,000 per year)

GRADUATE RESEARCH GRANTS

- 2010: Doctoral Dissertation Enhancement Program Grant, National Science Foundation
- 2009: American Cichlid Association: Loiselle Conservation Award
- 2009: Sigma Xi Student Research Award, Cornell University
- 2007, 2008, 2009, 2010: Dept. of Ecology and Evolutionary Biology Research Stipend, Cornell University
- 2007: PADI Foundation Research Grant, PADI Foundation
- 2006, 2007, 2008, 2009: Small grant, Biogeochemistry & Environmental Biocomplexity IGERT, Cornell University
- 2006: Kieckhefer Adirondack Fellowship, Cornell University

GRADUATE RESEARCH FELLOWSHIPS

- 2010: Paul Graduate Fellowship, Cornell University
- 2010: Tinker Field Research Fellow, Latin American Studies Program, Cornell University
- 2008: Fulbright-Hays Fellowship, US Department of Education
- 2008: Fulbright Grant, US Department of State—*awarded but declined*
- 2008: Orenstein Research Fellow, Cornell University
- 2006: East Asia & Pacific Summer Institutes, National Science Foundation—*awarded but declined*
- 2001: The Jug Bay Fellows Research Stipend, Jug Bay Wetland Sanctuary, Lothian, Maryland

GRADUATE TEACHING/SUPPORT FOR UNDERGRADUATE RESEARCH AWARDS

- 2014, 2015: Society for Freshwater Science Board of Directors/President's Discretionary Fund –
Instars Mentoring Program to Broaden Participation of Undergraduates from Under-represented
Groups and Ethnic Minorities, Co-PI Status
- 2011: Excellence in Teaching Award, Cornell University
- 2010: Future Faculty Teaching Fellowship, Cornell University

GRADUATE TRAVEL GRANTS

- 2011: Ecological Society of America Student Travel Award
- 2010: Graduate Research Travel Grant, Cornell University
- 2008: Einaudi Center International Travel Grant, Cornell University
- 2008, 2009, 2010: Graduate Student Conference Grant, Cornell University
- 2007, 2008: Latin American Studies Program, Cornell University

UNDERGRADUATE HONORS

- 1999: Sigma Xi Award, Hope College
- 1998: Energy, Resource, and Science Issues Excellence Award, US Government Accountability Office
- 1998: Washington, D.C. Honors Semester Delegate, Hope College
- 1997: Mortar Board Membership, Hope College
- 1997: National Science Foundation REU Grant, Hope College
- 1997: Political Science Book Award, Hope College
- 1997: Commendation of Portfolio of Work, Political Science Department, Hope College
- 1996: MIAA Honor Roll of Athletes, MIAA Athletic Conference, Michigan
- 1995: Endowment Scholarship, Hope College

OTHER GRANTS AND HONORS

- 2012: Best Oral Presentation in Basic Research (Runner-up), Society for Freshwater Science
- 2004: Project Assistance Grant (Cave Ecology), US Peace Corps
- 2003: Project Assistance Grant (HIV/AIDS Curriculum Development), US Peace Corps
- 2003: Infrastructure Development Grant, the Honduran Institute of Anthropology and History
- 2000: School of Public and Environmental Affairs Merit-Based Aid Award, Indiana University

Invited Oral Presentations:KEYNOTE AND PLENARY ADDRESSES

- 2023: Promoting paradigm shifts to support equitable freshwater resource management in the
Anthropocene. VI Congreso Latinoamericano de Macroinvertebrados y Ecosistemas Acuáticos and
the IV Simposio Internacional de Aguas Continentales de las Américas, Sonala, Guatemala (in
Spanish). June 2023
- 2022: Evidence-based considerations for planning resilient onsite wastewater infrastructure at the parcel,
municipal, and state level. Septic Systems & Water Quality Risks Workshop, University of Montana, 9
June 2022.
- 2021: Freshwater conservation in transboundary watersheds [Conservación de agua dulce en cuencas
transfronterizas](Presentation in Spanish). El Colegio de la Frontera Sur Semana de Intercambio
Académico, Tabasco, México. June 2021.
- 2018: Trade-offs between aging and obsolete infrastructure and declining environmental conditions: the
need for interdisciplinary research. Symposium on Interdisciplinary Research: The Importance of
Interdisciplinary Research in the Anthropocene, Central Connecticut State University
- 2016: Waste-water stoichiometry and freshwater ecosystem function: linking resource-management
decisions with the quality and quantity of basal food resources. Gordon Research Conference:
Unifying Ecology Across Scales: Linking the Levels from Physiological to Ecosystem Ecology.
Biddeford, Maine
- 2012: Nutrient limitation in the wake of invasion: the potential influence of invader body stoichiometry
on nutrient dynamics in novel systems. Gordon Research Conference: Metabolic Ecology in a
Changing World. Biddeford, Maine
- 2002: Las ventajas de ecoturismo en las municipalidades, Municipal Governments of Catacamas and
Juticalpa, Olancho, Honduras, *in Spanish*

- 2001: Nest predation in the turtle population of Jug Bay Wetland Sanctuary: An investigation of density-dependence and predator identification, Friends of Jug Bay, the Smithsonian Institution, the Smithsonian Environmental Research Center, and the Carnegie Institute, Lothian, Maryland
- 1997: The women's movement in India: An upper caste, Hindu perspective, Hope College Women's Studies Department and the Alumni Board

INVITED TALKS AT UNIVERSITIES AND INSTITUTES

- 2023: Ecosystem Ecology in Urbanizing Watersheds. Biology Seminar Series, Emory University, January 20, 2023
- 2022: Environmental parameters associated with larval mosquito habitats in tropical suburban neighborhoods. Entomology Seminar Series, UGA November 28, 2023
- 2022: Environmental implications of unequal access to wastewater treatment. Environmental Ethics Seminar Series, University of Georgia February 8, 2022.
- 2021: Consumer-driven resource dynamics in the Anthropocene: exploring connections between poop, populations, and resource pulses. Asa Gray Biology Seminar Series, Utica College
- 2021: Consumer-driven resource dynamics in the Anthropocene. Department of Ecology, Evolution, and Organismal Biology, Kennesaw State University
- 2019: Flowing waters in the Anthropocene: Integrating water infrastructure into our understanding of aquatic community structure and ecosystem processes. School of Public and Environmental Affairs Seminar Series, Indiana University
- 2018: The Ecological Implications of Aging and Obsolete Water Infrastructure, Earth and the Environment Seminar Series, Florida International University
- 2018: Consumer-driven nutrient dynamics in the Anthropocene, Seminar Series, Division of Biology, Kansas State University
- 2018: Drowning in Waste: Confronting the Ecological, Economic, and Technological Realities of Aging and Obsolete Water Infrastructure. Jacob Marschak Interdisciplinary Colloquium on Mathematics in the Behavioral Sciences, University of California, Los Angeles
- 2016: The functional role of consumers in ecosystems: the conservation implications of managing organisms to preserve ecosystem function. School of Forestry and Wildlife Sciences, Auburn University
- 2015: Animals and ecosystem function in heterogeneous landscapes of the Anthropocene. Warnell School of Forestry and Natural Resource Management, University of Georgia
- 2015: Consumer-driven nutrient dynamics in a changing world. The Odum School of Ecology, University of Georgia
- 2015: Consumer-driven nutrient dynamics in freshwater ecosystems. The Department of Evolution, Ecology, and Organismal Biology, the Ohio State University
- 2015: Consumer-driven nutrient dynamics in a changing world. The Department of Biology, University of Arkansas
- 2014: Quantifying the functional role of animals in nutrient dynamics in freshwaters. Department of Natural Resources Management, Texas Tech University
- 2014: Biodiversity and ecosystem function in freshwaters: understanding the functional role of species across anthropogenically modified landscapes. Environmental Studies Program and Kansas Biological Station, University of Kansas
- 2013: Animals driving ecosystem function: Understanding the role of aquatic organisms in nutrient dynamics. Lecture Series in the Sciences, Elmira College, Elmira, New York
- 2013: Integrating high school researchers into university research teams. Maine EPSCoR State Conference--"Looking to the Future - Supporting Maine's R&D Capacity through STEM Workforce Development, Technology, and Communicating Science", Orono, Maine
- 2013: Quantifying the functional role of aquatic organisms in biogeochemical processes. School of Agricultural, Forest and Environmental Sciences, Clemson University, Clemson, South Carolina
- 2013: The functional role of aquatic organisms in ecosystem processes across anthropogenically modified landscapes. Department of Watershed Sciences, Utah State University, Logan, Utah
- 2013: Biodiversity, ecosystem function & sustainable resource use in a changing environment. Environmental Change Initiative, Brown University, Providence, Rhode Island
- 2013: Linking biodiversity & ecosystem function: understanding the functional role of species across anthropogenically modified landscapes. School of the Environment, Washington State University, Pullman, Washington

- 2013: Hotspots in forested landscapes: the functional role of vernal pools in nutrient dynamics, Sustainability Solutions Initiative, University of Maine, Orono, Maine
- 2013: Understanding the functional role of aquatic organisms in ecosystem nutrient dynamics. Department of Biology, University of South Dakota, Vermillion, South Dakota
- 2012: Los cambios en los ecosistemas de agua dulce después de la invasión de los peces diablos. El Colegio de la Frontera Sur, San Cristobal de las Casas, Chiapas, Mexico, *in Spanish*
- 2012: The effects of low-trophic position invaders on basal food resources and nutrient dynamics in tropical freshwater systems. Drew University, Madison, New Jersey
- 2012: Functional changes in freshwater ecosystems in response to declining fish populations. Sustainability Science Seminar Series, College of Natural Science, University of Puerto Rico, San Juan, Puerto Rico, *in Spanish*
- 2012: Changing nutrient dynamics in response to species invasion: a case study of armored catfishes in southern Mexico. School of Biology and Ecology, University of Maine, Orono, Maine
- 2012: A plague of pets: the effects of a non-native grazing fish in tropical streams. Department of Wildlife Ecology, University of Maine, Orono, Maine
- 2011: High impacts of low-trophic position invaders: the effects of grazing armored catfishes on freshwater ecosystems in Southern Mexico. Universidade do Estado do Rio de Janeiro, Rio de Janeiro, Brazil
- 2011: Ecosystem-level impacts of non-native fishes: changes in nutrient dynamics in response to invasion. Colby College, Waterville, Maine
- 2011: Linking biodiversity and ecosystem services: understanding the functional role of species across anthropogenically modified landscapes. Sustainability Solutions Initiative, University of Maine, Orono, Maine
- 2011: The community and ecosystem-level impacts of armored catfish invasion in southern Mexico. Gettysburg College, Gettysburg, Pennsylvania
- 2011: The community and ecosystem-level impacts of invasion: how an aquarium pet may change the world. The University of the South, Sewanee, Tennessee
- 2009: The ecological and socioeconomic consequences of species invasions. Invited Speaker Series, Denison University, Granville, Ohio.
- 2007: Invasion of the devil fish: potential impacts of an exotic catfish on ecology and biogeochemical processing, Biology Seminar Series, Hope College, Holland, Michigan.
- 2003: El desarrollo de la infraestructura en parques nacionales, Honduran Institute of Anthropology and History, Tegucigalpa, Honduras, *in Spanish*
- 2002: La ecología y geología de cuevas, Guide Association of the Caves of Talgua National Park, Catacamas, Olancho, Honduras, *in Spanish*

INVITED SYMPOSIUM AND CONFERENCE TALKS

- 2023: Creating and sustaining international collaborations to support tropical ecosystem science. Society of Environmental Geochemistry and Health Americas Seminar Series. February 15, 2023
- 2023: Anthropogenic Subsidies in Rivers of the Anthropocene: Re-thinking wastewater-related socioecological issues in urban watershed ecology and restoration. Symposium on Urbanization and Stream Ecology (SUSE) Seminar Series, January 5, 2023.
- 2021: Engagement of individual stakeholders enhances understanding of community water infrastructure. Georgia Water Resources Conference, Online. Oral Presentation. March 22-23, 2021.
- 2018: Anthropogenic pressures in a large tropical river: the lower Grijalva in southern Mexico. Annual Meeting of the Society for Freshwater Science, Detroit, Michigan, USA. Oral Presentation.
- 2018: Ecological implications of aging and obsolete water infrastructure. Annual Meeting of the Society for Freshwater Science, Detroit, Michigan, USA. Oral Presentation.
- 2017: Food webs, community assemblages, and organismal stoichiometry along environmental gradients in two Mesoamerican river networks. Society for Freshwater Science Annual Meeting. Raleigh, NC. June 4-9, 2017.
- 2017: Integrating service learning into freshwater education: enhancing content knowledge through reflection and service. Society for Freshwater Science Annual Meeting. Raleigh, NC. June 4-9, 2017.
- 2013: Summarizing patterns of consumer-driven nutrient dynamics in freshwater ecosystems. The Society for Freshwater Science, Jacksonville, Florida
- 2012: #Building a framework for predicting the effects of species addition and species loss on nutrient dynamics in freshwater ecosystems. Ecological Society of America (ESA), Portland, Oregon

- 2012: #The effects of species gain and species loss on nutrient storage and cycling in freshwater ecosystems: summarizing patterns across ecosystems. ESA, Portland, Oregon
- 2012: Stoichiometrically unique invaders modify nutrient dynamics in topical streams. The Society for
- 2011: *Aspectos reproductivos de la especie invasora *Pterygoplichthys pardalis* (Siluriformes: Loricariidae) en el río Chacamax. La Red de Investigadores de la Región Usumacinta en México. Villahermosa, Tabasco, México
- 2003: El desarrollo de la infraestructura en parques nacionales, Honduran Institute of Anthropology and History, Tegucigalpa, Honduras
- 2001: Nest predation in the turtle population of Jug Bay Wetland Sanctuary: An investigation of density-dependence and predator identification, Friends of Jug Bay and members of the Smithsonian Institution, the Smithsonian Environmental Research Center, and the Carnegie Institute, Lothian, Maryland

OUTREACH/EDUCATIONAL PRESENTATIONS:

- 2023: Pursuing careers in ecology and environmental science, Athens Community Career Academy, 13 March 2023
- 2022: Communities Upstream. Linger Longer Living Seminar Series, Reynolds Lake Oconee. 7 November 2022.
- 2020: Armored catfish are awesome. Turtle Pond Talks, Georgia Museum of Natural History
- 2018: Drowning in waste: the ecological implications of failing infrastructure. Reynolds Linger Longer Living Seminar Series at Lake Oconee

Other Oral Presentations (#Co-author presented; *Graduate Advisee Presented; **Graduate Advisee Co-Author; ^Undergraduate Advisee Presented; ^^Undergraduate Advisee Co-Author):

- 2023: Investigating Mixed Species Aggregating Behavior in Two Coastal Plain Leuciscids, Southeastern Fishes Council, Chattanooga, Tennessee, October 2023
- 2023: Evidence-based considerations for planning resilient onsite wastewater infrastructure at the parcel, municipal, and state level (co-presenter, Dr. Nandita Gaur; invited to present 50 min. presentation). Onsite Wastewater Mega-Conference, Hampton, Virginia October 23, 2023.
- 2023: #Spatial and temporal variation in quantity and bioavailability of dissolved organic carbon within a metropolitan area. Annual Meeting for the Society for Freshwater Science, Brisbane, Australia, June 3-7, 2023
- 2023: #Global predictions of watershed-scale carbon-processing potential in rivers and riparian zones. Annual Meeting for the Society for Freshwater Science, Brisbane, Australia, June 3-7, 2023
- 2023: #Urbanization alters the quantity and quality of dissolved organic matter in subtropical river networks in metropolitan Atlanta, Georgia, USA. Annual Meeting for the Society for Freshwater Science, Brisbane, Australia, June 3-7, 2023
- 2023: *Evaluation of aquatic macroinvertebrates communities and habitats using molecular and morphological identification in streams at the Savannah River Site. Annual Meeting for the Society for Freshwater Science, Brisbane, Australia, June 3-7, 2023
- 2022: Septic Systems, Biogeochemistry, and Climate Change. Climate and Water Research Slam, UGA. 12 May 2022.
- #2022: Responses of ecosystem metabolism to land use changes and flow regulation in tropical lowland rivers. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- #2022: Scales and Drivers of Variability in Dissolved Organic Carbon across Diverse Urban Watersheds. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- #2022: Spatial and temporal variation in DOM in urban streams of the eastern United States. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- #2022: Seasonal trends in dissolved and particulate organic carbon across urban streams in Boston, USA. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- 2022: Assessing the Contribution of Decentralized Waste Infrastructure to Urban Watershed Biogeochemistry. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- *2022: Spatial and Temporal Variation of Surface Water Microplastics in a Rural Georgia Watershed. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- *2022: Evaluation of the Hydro-BID Water Resource Simulation Tool for the Quantification of Water Availability in the Water Supply Basins to Quito, Ecuador. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan

- *2021: Influence of watershed- and reach-scale variables on organic matter processing in an urban watershed (Atlanta, GA). Annual Meeting of the Society for Freshwater Science. 24 May 2021.
- *2021: Assessing relationships between patterns of septic tank maintenance and environmental variables in Athens-Clarke County, GA. Annual Meeting of the Society for Freshwater Science. 24 May 2021.
- 2021: Piled high and getting deeper: imbalances in the demand for septic systems and the ability to treat septage. Annual Meeting of the Society for Freshwater Science. 24 May 2021.
- 2020: Assessing the socio-environmental risk of onsite wastewater treatment systems to inform management decisions. Upper Oconee Science and Policy Summit, 25 Sept 2020.
- 2020: Out of sight, out of mind: human waste and the structure and function of aquatic systems. Madison, WI, Annual Meeting of the Society for Freshwater Science, Jun 2020. *(Abstract accepted, cancelled due to COVID-19)*
- *2020: Effects of stream intermittency on leuciscid and percid food web dynamics in southwest, GA, USA. Albany, GA, ACF Waters Conference, Apr 2020. *(Abstract accepted, cancelled due to COVID-19)*
- *2020: Effects of stream intermittency on leuciscid and percid food web dynamics in southwest, GA, USA. Madison, WI, Annual Meeting of the Society for Freshwater Science, Jun 2020. *(Abstract accepted, meeting cancelled due to COVID-19)*
- *2020: Influence of watershed- and reach-scale variables on OM processing in an urban watershed (Atlanta, GA). Madison, WI, ASLO-SFS Joint Summer Meeting, 7 June 2020. *(Abstract accepted, cancelled due to COVID-19)*
- *2020: Microplastic Particles in Savannah, GA, USA. Madison, Annual Meeting of the Society for Freshwater Science, 1 June 2020. *(Abstract accepted, cancelled due to COVID-19)*
- *2020: Spatial and Temporal Patterns of Wastewater-Derived Microplastics. Athens, Annual CURO Symposium, 21 April 2020.
- *2020: Out of sight, out of mind: septic systems and the risk they pose to freshwater ecosystems. Austin, Texas, Symposium on Urbanization and Stream Ecology, 13 February 2020.
- **2019: Fish Response to Intermittency in the lower Flint River Basin, GA. Presentation for the Robert W. Woodruff Foundation, The Jones Center at Ichauway, Newton, GA, 08 Dec 2019.
- 2019: Anthropogenic food web subsidies in freshwater systems: integrating water infrastructure into our understanding of the river continuum. Salt Lake City, Annual Meeting of the Society for Freshwater Science, 20 May 2019.
- ^2019: Ignorance is bliss: the current state of septic systems in the US and the risks they pose to freshwater systems. Salt Lake City, Annual Meeting of the Society for Freshwater Science, 20 May 2019.
- 2019: Relative importance of environmental factors and community ecology in ranavirus transmission. Salt Lake City, Annual Meeting of the Society for Freshwater Science, 20 May 2019.
- 2018: Anthropogenic food web subsidies in tropical rivers, Tropical Aquatic Ecosystems in the Anthropocene (AQUATROP), July 23-26, 2018, Quito, Ecuador
- **2018: Oil palm expansion in the tropics: challenges and opportunities in freshwater research, Tropical Aquatic Ecosystems in the Anthropocene (AQUATROP), July 23-26, 2018, Quito, Ecuador
- #2018: Global Patterns and Controls of Organic-matter Decomposition in Streams and Riparian Zones Revealed Through Crowdsourcing. Annual Meeting of the Society for Freshwater Science, Detroit, Michigan, USA. Oral Presentation.
- *2018: Disturbance, Functional Trait Diversity, and Ecosystem Processes in Animal Communities. Presentation at 24th Graduate Student Symposium. Odum School of Ecology. Athens, GA. February 3, 2018.
- *2018: The Watershed Learning Network: A Path Towards Sustainability and Public Engagement in Urban Watersheds. Presentation at 5th Symposium on Integrative Conservation. Athens, GA. January 26, 2018.
- #2017: Exploring Ecological Connectivity among Geographically Isolated Wetlands. Society for Freshwater Science Annual Meeting. Raleigh, NC. June 4-9, 2017.
- *2017: Dissolved organic carbon as a potential vector for metal bioaccumulation in aquatic food webs. Society for Freshwater Science Annual Meeting. Raleigh, NC. June 4-9, 2017.
- 2017: Integrating stoichiometric thinking into socio-ecological systems: relationships among ecology, wastewater infrastructure, and environmental regulations. American Ecological Engineering Society Meeting. Athens, GA. May 24-26, 2017.

- 2017: Decision-making under duress prioritizing management activities to preserve the integrity of fresh waters, promote human health, and protect water supplies. Georgia Water Resources Institute Meeting, Athens, GA. April 19-20, 2017.
- *2016: Fish Assemblages and Aquatic Food-web Structure in Two Mesoamerican River Networks with Contrasting Flow Regimes. Joint Meeting of the American Society of Ichthyologists and Herpetologists, New Orleans, LA. July 10, 2016.
- *2016: The Instars mentoring program: success, challenges, and lessons learned of 5-years of broadening participation in freshwater science. Society for Freshwater Science Annual Meeting, Sacramento, California.
- *2016: Experimental evidence that hemlock decline changes the role of detrital subsidies in freshwater food webs. Society for Freshwater Science Annual Meeting, Sacramento, California.
- 2015: Ephemeral wetlands and municipal decision-making: linking ecology and conservation with economic development through interdisciplinary research in forested landscapes, Ecological Society of America, Baltimore, Maryland
- *2015: Experimental evidence that hemlock decline changes the role of detrital subsidies in freshwater food webs, Ecological Society of America, Baltimore, Maryland
- 2014: Modeling nutrient transport and transformation by vernal pool-breeding amphibians in forested landscapes, The Joint Aquatic Sciences Meeting, Portland, Oregon
- *2014: Global differences in urbanization and stream ecology, The Joint Aquatic Sciences Meeting, Portland, Oregon
- *2013: SFS Instars: a mentoring program to increase diversity in the next generation of freshwater scientists. The Society for Freshwater Science, Jacksonville, Florida
- ^^2011: Non-native grazers in novel environments: Consequences of introduced armored catfish in stream ecosystems. ESA, Austin, Texas
- 2011: Changing nutrient dynamics in response to invasion: the effects of non-native fishes in a tropical stream. The North American Benthological Society, Providence, Rhode Island
- 2011: The impacts of an exotic grazing fish on organic matter and algal biomass in a tropical stream Biogeochemistry & Environmental Biocomplexity Seminar, Cornell University, Ithaca, New York.
- 2010: Exotic armored catfishes (Siluriformes: Loricariidae) alter organic matter and nutrient dynamics in Mesoamerican streams. XIV Congreso de la Sociedad Mesoamericana para la Biología y la Conservación, San Jose, Costa Rica.
- 2010: The net effects of grazing and nutrient remineralization on algal biomass and primary productivity by an exotic grazing fish. Ecological Society of America, Pittsburg, Pennsylvania.
- 2010: The impacts of an exotic grazing fish on organic matter biomass and epilithon stoichiometry in a tropical stream. American Society of Limnology and Oceanography and the North American Benthological Society, Santa Fe, New Mexico.
- 2009: Exotic fishes alter nutrient dynamics in tropical streams. Ecological Society of America, Albuquerque, New Mexico.
- 2009: Los impactos de especies exóticas en procesos biogeoquímicos: silurios armados introducidos (Siluriformes: Loricariidae) en Chiapas. Southwestern Association of Naturalists, Monterrey, Nuevo León, México.
- 2007: Don't flush your fish: exotic fish introductions and their potential impacts in Mexico, Lunch Bunch Presentation, Cornell University, Ithaca, New York.

Posters (#co-author presented; *Graduate Advisee/Mentee; ^Undergraduate Advisee):

- *2023: Evaluation of macro invertebrates communities on streams at the savannah River Site, Annual Meeting Southeast Chapter for the Society of Freshwater Science, November 2023, Columbus, GA
- *2023: Microbial Community Succession on Macroplastic, UGA Water Science and Policy Poster Symposium, October 2023
- *2023: Evaluation of macro invertebrates communities on streams at the savannah River Site, UGA Water Science and Policy Poster Symposium, October 2023
- *2022: A Low Resource Method for Populating a Septic System Database for Counties Using Remote Sensing and ArcGIS. American Geophysical Union - Fall Meeting 2022
- *2022: Anthropogenic Subsidies Generated by Aging and Obsolete Wastewater Treatment Infrastructure in Watersheds in Atlanta, GA. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- *2022: Heavy Metal and Radionuclide Contamination on the Savannah River Site, Aiken, SC. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan

- *2022: Water Dawgs High School Training Program in Stream Ecology. May 14-20 Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- *2020: Effects of stream intermittency on leuciscid and percoid food web dynamics in southwest, GA, USA. Albany, GA, ACF Waters Conference, Apr 2020. (Abstract accepted, meeting cancelled due to COVID-19)
- *2020: Effects of stream intermittency on leuciscid and percoid food web dynamics in southwest, GA, USA. Madison, WI, Annual Meeting of the Society for Freshwater Science, Jun 2020. (Abstract accepted, meeting cancelled due to COVID-19)
- *2020: Influence of watershed- and reach-scale variables on OM processing in an urban watershed (Atlanta, GA). Madison, WI, ASLO-SFS Joint Summer Meeting, 7 June 2020. (Abstract accepted, meeting cancelled due to COVID-19)
- ^2020: Microplastic Particles in Savannah, GA, USA. Madison, Annual Meeting of the Society for Freshwater Science, 1 June 2020. (Abstract accepted, meeting cancelled due to COVID-19)
- ^2020: Spatial and Temporal Patterns of Wastewater-Derived Microplastics. Athens, Annual CURO Symposium, 21 April 2020.
- 2020: Out of sight, out of mind: septic systems and the risk they pose to freshwater ecosystems. Austin, Texas, Symposium on Urbanization and Stream Ecology, 13 February 2020.
- ^2019: The Watershed Learning Network: engaging communities in freshwater science through community-university partnerships and service learning. Salt Lake City, Annual Meeting of the Society for Freshwater Science, 20 May 2019.
- *2019: Investigating potential ranavirus reservoirs (Poster). Society for Integrative and Comparative Biology. Tampa, Florida, 3 January 2019.
- *2018: The Watershed Learning Network: A Path Towards Sustainability and Public Engagement in Urban Watersheds. Poster at Georgia Adopt-a-Stream Confluence Conference. Buford, GA. March 23, 2018.
- *2017: Carryover effects: Does a stressful larval environment alter metamorph immunocompetence, physiology, and reproductive potential? WAVDL-PALOOZA III. University of Florida, Gainesville, Florida, 31 March 2017.
- 2017: Integrating stoichiometric thinking into socio-ecological systems: Relationships among ecology, wastewater infrastructure, environmental regulations, and human well-being. Conference of the Programme on Ecosystem Change and Society. Oaxaca, Oaxaca, Mexico. November 7-10, 2017.
- *2017: Integrating aquatic ecology in socioecological systems: the case of palm oil plantation in southeast Mexico, Society for Freshwater Science Annual Meeting. Raleigh, NC. June 4-9, 2017.
- 2017: Integrating stoichiometric thinking into socio-ecological systems: relationships among ecology, wastewater infrastructure, and environmental regulations. Symposium on Urbanization and Stream Ecology. Raleigh, NC. May 31-June 3, 2017.
- ^*2014: Patterns in macroinvertebrate community composition in vernal pools in the northeastern United States. The Joint Aquatic Sciences Meeting, Portland, Oregon
- #2014: Ontogenic shifts in the stoichiometry of wood frog bodies and excreta. The Joint Aquatic Sciences Meeting, Portland, Oregon
- #2014: Undergraduate mentoring at SFS and SWS: increasing diversity in the next generation of aquatic scientists. The Joint Aquatic Sciences Meeting, Portland, Oregon
- 2013: *Of pools and people: application of vernal pool amphibian landscape genetics in a socio-environmental coupled-systems model. NE Assoc. of Fish and Wildlife Agencies, Portland, ME.
- 2013: Of pools and people: application of vernal pool amphibian landscape genetics in a socio-environmental coupled-systems model. NE Assoc. of Fish and Wildlife Agencies, Portland, ME.
- 2013: Biogeochemical hotspots within forested landscapes: quantifying the functional role of vernal pools in ecosystem processes. American Geophysical Union, San Francisco, California, USA
- 2012: Sources or sinks: the effects of an invasive fish on nutrient dynamics. Gordon Research Conference: The Metabolic Basis of Ecology, Biddeford, Maine, USA
- 2012: Changing nutrient dynamics in response to invasion. Kavli Frontiers of Science Symposium, Solo, Indonesia
- ^2012: Aquatic macroinvertebrate diversity across a land-use gradient in Palenque National Park, Chiapas, Mexico. The North American Benthological Society, Louisville, Kentucky, USA
- 2011: Democratizing undergraduate research: incorporating inquiry into science classrooms to promote scientific identity. Center for Teaching Excellence, Cornell University, New York, USA
- #2008: Training tomorrow's environmental problem-solvers: an integrative approach to graduate education. ESA, Milwaukee, Wisconsin, USA

- 2008: The Impacts of Armored Catfish (Siluriformes: Loricariidae) on Invaded Freshwater Ecosystems, American Society of Ichthyologists and Herpetologists, Montreal, Quebec, Canada
 2008: The effects of flooding regime, macroinvertebrates, and tree species on leaf litter decomposition in an Amazonian watershed. North American Benthological Society, Salt Lake City, Utah, USA

Participation in Training and Workshops

- 2023: Five Shifts in Research and Teaching Practices Towards a More Inclusive and Ethical Ecology, UGA
 2022: Alan Alda Center for Communicating Science, Women in STEM Leadership Program Participant
 2022-2023: Leading Large Integrative Research Teams Workshop Series Participant, UGA
 2022: Active Learning Summer Institute, UGA
 2019: Reintegrating Biology Workshop, National Science Foundation
 2014: Woodstoich 3, Sydney, Australia (<http://woodstoich.org/>)
 2011: Aquatic GIS Workshop, St. Louis University

Teaching Experience, Instructional Grants, & Awards (Post-Graduate):

COURSE INSTRUCTOR (*SUPERVISED GRADUATE STUDENT EDUCATOR)

- 2024-present (spring and fall semesters): ECOL 8990 Special Topics in Ecology: Professional Writing in Science
 2022-present (fall semesters): ECOL 4310/6310 Freshwater Ecosystem Ecology and Lab (course and lab re-design)
 2021: ECOL 8990 Special Topics in Ecology: Grant Writing for Graduate Students
 2021: ECOL 8990 Special Topics in Ecology: Ecosystem Ecology (new course development; online)
 2021: ECOL 4010/6010 Ecosystem Ecology (course re-design and transition to online)
 2018-2020 (even year spring semesters): ECOL 3770S Urban Ecology (a service-learning class)
 2016-present (fall semesters): ECOL 8000: Topics in Modern Ecology (field component)
 2016-present (fall semesters except 2020): ECOL 1000: Ecological basis of environmental issues
 2016: *Urbanized landscapes and the role of community engagement in sustainable ecosystems, UGA
 2015: Conserving Ecosystem Function in Heterogeneous Landscapes (Graduate Course), UMaine
 2015: Field Course: Animal Adaptations to Changing Climate, UMaine
 2014: Freshwater Ecosystems of Maine, Dept. of Wildlife, Fisheries, & Conservation Biology, UMaine
 2014: Threatened & Endangered Species, Dept. of Wildlife, Fisheries, & Conservation Biology, UMaine
 2012: Readings in Sustainability Science (Graduate Course), Sustainability Solutions Initiative, UMaine

CAMP/WORKSHOP INSTRUCTOR

- 2023: Co-Organizer, Identifying your Mentoring Network, Workshop at the Southeast Chapter at the Society for Freshwater Science Meeting, Columbus, GA
 2023: Organizer and Lead PI, Water Dawgs High School Training Program in Freshwater Science. June 1-9, 2023.
 2022: Organizer, Professional Development Series for Early Career Researchers Interested in Jobs in Academia (Two panel discussions, one grant writing workshop, and one meeting with NSF program officer), UGA
 2020: Co-Organizer, Microplastics in Freshwater Systems. UGA and the Tennessee Aquarium. 10 September 2020. (<http://capps-lab.ecology.uga.edu/resources-to-support-microplastics-research/>)
 2012: Workshop instructor, Partnerships for Enhanced Engagement in Research (PEER), Solo, Indonesia

NEW COURSE DEVELOPMENT

- 2023: ECOL 8990 Special Topics in Ecology: Professional Writing in Science
 2022: ECOL 8990 Special Topics in Ecology: Grant Writing for Graduate Students
 2021: ECOL 8990: Ecosystem Ecology (Conversion to online)
 2021: ECOL 4010/6010: Ecosystem Ecology (Conversion to online)
 2018: ECOL 3770S: Urban Ecology

COURSE RE-DESIGN

- 2022: ECOL 1000: Ecological Basis for Environmental Issues (Initiated active learning re-design)
 2022: ECOL 4310/6310 Freshwater Ecology and Lab
 2017: ECOL 1000: Ecological Basis for Environmental Issues

GUEST LECTURING

- 2023: Ecology 1000

2022: Urban Ecology
 2019, 2021: Freshwater Ecosystems
 2018, 2019: Ecosystem Ecology

EDUCATIONAL RESOURCE DEVELOPMENT

- Water Dawgs High School Training Materials
https://drive.google.com/drive/folders/1ROun_1IUMhdh7cS11GCzJGasjJ2avd-b?usp=sharing
- Water Dawgs High School Training Materials in Spanish
https://drive.google.com/drive/folders/1h1eRPXaNziO2wo9vVSzR1ZLGCxHN6_Vo?usp=sharing
- Professional Development Series for Careers in Academia
https://drive.google.com/drive/folders/1iWcrtUzz5TDVmy4L564zlu0ONDF-7mOK?usp=drive_link
- Bromide in Surface Waters (<http://cappslab.ecology.uga.edu/additional-info/bromide-in-surface-water/>). This material was created as part of an EPD Seed Grant.
- Low-Cost Sensor Network (<http://cappslab.ecology.uga.edu/additional-info/low-cost-sensor-network-information/>). The material was created using a UGA technology grant.
- Microplastic Pollution in Surface Waters (<http://cappslab.ecology.uga.edu/resources-to-support-microplastics-research/>). This material was created as part of an EPD Seed Grant.
- The Watershed Learning Network (<http://wln.ecology.uga.edu/>). The Watershed Learning Network was created in conjunction with students in the ECOL 3770S Urban Ecology Course as part of a collaboration with Eco-Action and American Rivers.

PROFESSIONAL DEVELOPMENT IN PEDAGOGY AND MENTORING

2022: Graduate Mentoring Workshop Series, University of Georgia Graduate School
 2022: Active Learning Summer institute, UGA
 2021: Implicit Bias in Undergraduate Education, UGA
 2020: Online Training Program, Academics for Black Survival and Wellness
 2019: Graduate Mentoring Workshop, Center for the Improvement of Mentored Experiences in Research
 2018-2020: Lilly Teaching Fellows Program, UGA
 2017, 2018, 2019: Mid-Semester Teaching Evaluation Program, Center for Teaching & Learning, UGA
 2016-2017: Service-Learning Fellows Program, UGA

INSTRUCTIONAL GRANTS RECEIVED

2023: Senior Teaching Fellows Fellowship
 2022: Active Learning Summer Institute Fellowship
 2018: Lilly Teaching Fellowship
 2017: New Approaches to Diversity, University of Georgia. PI: Dr. Krista Capps
 2016: Service-Learning Fellowship. Service-Learning in Urban Environments
 2016: Student Technology Fee Funds Grant University of Georgia, Providing access to real-time environmental data in UGA Classrooms. PI: Dr. Krista Capps
 2015: The UGA STEM Initiative Small Grants Program, Development of a service-learning course on the ecology of the urbanized landscape. Lead PI: Dr. Krista Capps, UGA; Co-PIs: Dr. Seth Wenger, UGA; Mr. James Wood, UGA
 2014, 2015: Society for Freshwater Science Board of Directors/President's Discretionary Fund – Instars Mentoring Program to Broaden Participation of Undergraduates from Under-represented Groups and Ethnic Minorities, Co-PI Status

AWARD OR RECOGNITION FOR EXCELLENCE IN TEACHING

2023: Russell Awards for Excellence in Undergraduate Teaching, University of Georgia
 2023: Teaching Academy Member, University of Georgia
 2023: Senior Teaching Fellow, University of Georgia
 2022: Active Learning Leader Certificate, University of Georgia
 2018: Faculty Instructor of the Year, Odum School of Ecology, University of Georgia
 2018-2020: Lilly Teaching Fellow, University of Georgia
 2017: Faculty Instructor of the Year, Odum School of Ecology, University of Georgia
 2016-2017: Selected as a UGA Service-Learning Fellow, University of Georgia
 2011: Excellence in Teaching Award, Ecology and Evolutionary Biology, Cornell University
 2010: Future Faculty Teaching Program, Center for Teaching Excellence, Cornell University

Postdoctoral Research Mentoring:

2024-present: Dr. Irene Sanchez Gonzalez (UGA FFIRE Postdoctoral Research Fellow)

2021-2024: Dr. Shou Chen

Student Research Mentoring:GRADUATE ADVISING: MAJOR ADVISOR

2023-present: (MS ECOL) Natalia Vargas López, UGA

2023-present: (Ph.D Ecology): Andrew Blinn, UGA

2022-present: (MS Ecology): Crystal Pendergast, UGA

2022-present: (MS Ecology): Julia Sharapi, UGA

2021-present: (M.S.ICAS Viviana Bravo Ortiz, UGA (Co-advised by Raven Bier)

2021-present: (M.S.ICAS.): Fabiola López Ávila, UGA (Co-advised by Raven Bier)

2021-present: (Ph.D Ecology): Christian Swartzbaugh, UGA (Co-advised by Stacey Lance)

2021-present: (Ph.D ICON Ecology): Anuja Mital, UGA (Co-advised by John Maerz)

2020-2021: (M.S. Conservation Ecology): Kyle Connelly, UGA (Co-advised by Seth Wenger)

2020-2022: (M.S. Ecology): Emily Martin, UGA (Co-advised by Steve Golladay)

2020-2021: (M.S. Ecology): E. Madison Monroe, UGA

2020-2022: (M.S. Ecology): Corinne Sweeney, UGA (Co-advised by Stacey Lance)

2017-present: (Ph.D ICON Ecology): Denzell Cross, UGA

2018-2020: (M.S. Ecology): Christine Fallon, UGA (Co-advised by Steve Golladay)

2015-2017: (M.S. Ecology): Nate Tomczyk, UGA

GRADUATE ADVISING: COMMITTEE MEMBER

2023-present: (Ph.D. Biology): Lizz Parkinson, Oakland University

2023-present: (Ph.D. Environmental Science, College of Public Health): Carter Coleman, UGA

2022-present: (Ph.D. ICON Ecology): Matt Tatz, UGA

2022-present: (Ph.D. Ecology): Kiersten Nelson, UGA

2021-2023: (M.S. Crop and Soil Sciences): Brandi Carr, UGA

2021-present: (Ph.D. Forestry and Natural Resources): Courtney Scott, UGA

2020-2022: (Ph.D. Entomology): Sophie Racey, UGA

2019-2022: (Ph.D. ICON Ecology): Jeffery Beauvais, UGA

2019-present: (Ph.D. Biology): Lynda Bradley, Emory University

2018-present: (Ph.D. ICON Anthropology): Suneel Kumar, UGA

2017-2020: (M.S. Warnell): Erik Neff, SREL/UGA

2016-2021: (Ph.D. Ecology): Greg Jacobs, UGA

2019-2020: (M.A. Science Education): Kodiak Sauer, UGA

2017-2019: (M.S.C.E.S.D.): Megan Hopson, UGA

2016-2019: (Ph.D. ICON Geography): Rachel Gauer Will, UGA

2015-2018: (M.S. Ecology): Austin Coleman, SREL/UGA

2015-2016: (M.S. Ecology): Laura Early, UGA

2013-2017: (Ph.D. Biology): Eric K. Moody, Arizona State University

2013-2014: (M. Wildlife Conservation): Rachel Dunham, University of Maine

2008-2010: (M.S. Recursos Naturales y Desarrollo Rural): Govinda-Das Hugo Liénart De Wolf El Colegio de la Frontera Sur, San Cristóbal de las Casas, México

GRANTS AND OTHER ACCOLADES AWARDED TO GRADUATE MENTEES

2023: NSF GRFP, Julia Sharapi

2023: ICON Travel Grant, UGA, Anuja Mital

2023: Organization for Tropical Studies Scholarship, Natalia Vargas López

2023: 2nd Place, Best Poster Presentation, VI Congreso Latinoamericano de Macroinvertebrados y Ecosistemas Acuáticos y el IV Simposio Internacional de las Aguas Continentales de las Américas, Natalia Vargas López

2023: Odum School Graduate Diversity Award, Viviana Bravo Ortiz

2023: Odum School Graduate Diversity Award, Fabiola López Ávila

2023: John Spencer Small Grant Award, Fabiola López Ávila

2023: Hispanic Scholarship Fund, Fabiola López Ávila

2023: National Geographic Freshwater Conservation Science & Innovation Internship, Julia Sharapi

2023: Center for Applied Isotope Studies Research Assistantship, Natalia Vargas López

2023: Center for Applied Isotope Studies Research Assistantship, Hossein Valikhani
 2023: Center for Applied Isotope Studies Research Assistantship, Fabiola López Ávila
 2023: NSF/SFS Emerge Fellowship, Viviana Bravo Ortiz
 2022: Center for Applied Isotope Studies Research Assistantship, Julia Sharapi
 2022: Center for Applied Isotope Studies Research Assistantship, Denzell Cross
 2022: Smithsonian Women's Committee Diversity Internship, Anuja Mital
 2022: Georgia Sea Grant Fellowship, Madison Monroe
 2022: National Geographic Explorer Grant, Anuja Mital
 2022: Fish and Wildlife Service, Directorate Fellowship Emily Martin
 2022: NSF/SFS Emerge Fellowship, Denzell Cross
 2022: NSF/SFS Emerge Fellowship, Viviana Bravo
 2022: NSF/SFS Emerge Fellowship, Fabiola Lopez Avila
 2022: NSF/SFS Emerge Fellowship, Shuo Chen
 2021: ESA 2022 Graduate Student Policy Award (C. Sweeney)
 2021: Spencer Fellowship, Odum School of Ecology (F. Lopez Avila)
 2021: UGA Graduate School Master's Fellows Award (F. Lopez Avila)
 2021: Emerge Fellowship, Society for Freshwater Science (F. Lopez Avila)
 2021: Emerge Fellowship, Society for Freshwater Science (D. Cross)
 2021: Endowment Award, Society for Freshwater Science (K. Connelly)
 2021: Endowment Award, Society for Freshwater Science (D. Cross)
 2021: Presidential Management Fellow, U.S. Office of Personnel Management (K. Connelly)
 2020: Directorate Fellowship, US Fish and Wildlife Service (C. Fallon)
 2019: Spencer Small Grant, River Basin Center (C. Fallon)
 2018: Ford Predoctoral Fellowship, Ford Foundation (D. Cross)
 2018: Fulbright Student Fellowship, Fulbright Program United States (K. Rosas-Rodriguez)
 2017: Best MS Student Oral Presentation, Graduate Student Symposium (N. Tomczyk)

POST-BACCALAUREATE RESEARCH MENTORING

2021: Crystal Pendergast, University of Georgia (NSF Reps Fellowship)

UNDERGRADUATE RESEARCH AND INTERNSHIP MENTORING

2023: Research in Ecology: Luke Krohn, University of Georgia
 2023: Research in Ecology: Micah Booker, University of Georgia
 2021-22: Research in Ecology: Molly Mulhern, University of Georgia
 2021-22: Research in Ecology: Isaac Wood, University of Georgia
 2020: Research Internship in Ecology: Diane Klement, University of Georgia
 2019-2020: Research Internship in Ecology: Kayla Wagner, University of Georgia
 2019: Population Biology of Infectious Diseases REU: Lily Tanner, University of Georgia
 2019-2020: Research Internship in Ecology: Maddie Monroe, University of Georgia
 2018-2019: Research Internship in Ecology: Emma Dickinson, University of Georgia
 2018-2019: Science Communication Internship: Becca Parsons, University of Georgia
 2018: Science Communication Internship: Anderson Felt, University of Georgia
 2018: Lab Placement in Ecology: Zion Eberhart, Peach State LSAMP University of Georgia
 2018: Population Biology of Infectious Diseases REU: Jasarah Williamson, University of Georgia
 2017: Independent Study Research: James Parker, University of Georgia
 2017: Population Biology of Infectious Diseases REU: Amber Matha, University of Georgia
 2015-2016: Independent Study Research Mentor: E. Reed Solly, University of Georgia
 2013-2015: Independent Study Research Mentor: Nate Tomczyk, University of Maine
 2013: Independent Study Research Mentor: Randi Jackson, University of Maine
 2012-2013: Honors Thesis Committee, Sarah Watts, University of Maine
 2010-2012: Independent Study Research Mentor, Gabriel Ng, Cornell University
 2010: Honors Thesis Research Mentor, Sebastian Heilpern, Cornell University
 2009: Independent Study Research Mentor: Sebastian Heilpern

GRANTS AND OTHER ACCOLADES AWARDED TO UNDERGRADUATE MENTEES

2021: Isaac Wood, Center for Undergraduate Research Opportunities Research Award, UGA
 2019: Maddie Monroe^{^^}, Center for Undergraduate Research Opportunities Honors Course, UGA
 2019: Becca Parsons^{^^}, Center for Undergraduate Research Opportunities Honors Course, UGA

2016: E. Reed Solly, Center for Undergraduate Research Opportunities Honors Course, UGA
 2014-2015: Randi Jackson, ESA SEEDS Leadership Workshop Fellow
 2014: Nathan Tomczyk, Attendee Council on Undergraduate Research's Research Experiences for Undergraduates Symposium, Washington, D.C. (Oct. 2014)
 2013: Randi Jackson, Society of Wetland Scientists Mentoring and Travel Grant
 2013: Nathan Tomczyk, Center for Undergraduate Research Fellowships, University of Maine
 2012: Gabriel Ng, Instars Diversity Fellowship, Society for Freshwater Science
 2009: Sebastian Heilpern, Morley Student Research Award, Cornell University
 2008: Sebastian Heilpern, Dextra Undergraduate Research Fund, Cornell University
 2008: Sebastian Heilpern, Latin American Studies Program Travel Grant, Cornell University

ADDITIONAL UNDERGRADUATE STUDENT RESEARCH SUPERVISION

2023: Research in Ecology: Carmel Serban, University of Georgia
 2021-2023: Cody Whitlock, Annual and summer research, University of Georgia
 2018: Maddie Monroe, Summer field research, University of Georgia
 2014: Adam Sheppard, Summer field research, University of Maine
 2013: Avery Cole, Summer field research, University of Maine
 2012: Avery Cole, Summer field research, University of Maine
 2012: Phillip Benoit, Summer field research, University of Maine
 2012: Eleanor Durso, Summer field research, University of Maine
 2012: Gregory Innes, Summer field research, University of Maine
 2011: Shauntle Barley, BIOG2990-Undergraduate Research in Biology, Cornell University
 2010-2011: Esther Cynn, BIOG2990-Undergraduate Research in Biology, Cornell University
 2010-2011: Andrea Fortman, BIOG2990-Undergraduate Research in Biology, Cornell University
 2009: Gabriel Ng, BIOG2990-Undergraduate Research in Biology, Cornell University
 2009: Ashley Brown, BIOG2990-Undergraduate Research in Biology, Cornell University

HIGH SCHOOL STUDENT RESEARCH SUPERVISION (*INITIATING PILOT PROGRAM)

2018: Madalyn Kuhn, AP Capstone (Microplastics in freshwater systems), Oconee County High School
 2014: Steven Holmes, Wabanaki Center Internship for Native American Students, University of Maine*
 2013: Leah Clement, Orono High School Research Program, University of Maine
 2013: Diana Tyutyunnyk, Orono High School Research Program, University of Maine
 2012-2013: Leah Clement, Research Internship in Ecology & Sustainability Science, University of Maine
 2012: Leah Clement, Orono High School Research Program, University of Maine (summer months)
 2012: Chris Introne, Orono High School Research Program, University of Maine (summer months)

Service & Volunteer Activities:

EDITORSHIPS OR EDITORIAL BOARD MEMBERSHIPS FOR JOURNALS OR OTHER LEARNED PUBLICATIONS

2021-PRESENT: Editor, Freshwater Science (Bridges)
 2015-PRESENT: Editorial Board Member, Freshwater Biology

SUPPORTING HUMAN DIVERSITY IN ECOLOGY & FRESHWATER SCIENCE RESEARCH

2023: Reviewer, Instars and Emerge Fellowship Programs, Society for Freshwater Science
 2022: Co-Organizer and UGA Representative, Development of NSF PROGRESS Hub in Atlanta (<https://progress.colostate.edu/>)
 2022-present: Board Member, Diversity Joint Venture (<https://diversityinconservationjobs.org/>)
 2022: Piloting new mentoring software, Justice, Equity, Diversity, & Inclusion Mentoring, SFS
 2021: Organizer, Justice, Equity, Diversity, & Inclusion Mentoring Workshop, SFS Annual Meeting
 2020: Champion Faculty Member (UGA), National Alliance for Inclusive & Diverse STEM Faculty
 2020: Faculty Focus Group Participant, UGA Diversity and Excellence Committee
 2017: Awarded New Approaches to Diversity Grant, University of Georgia
 2016-2019: Founder and chair of Odum School Diversity Committee
 2014: Initiated Pilot Program, Wabanaki Center Internship in Environmental Science for Native American Students, University of Maine
 2013-2023: Member, Education and Diversity Committee, SFS
 2013-2019: Advisory Panel Member, Instars Diversity Program, SFS ([Link to podcast](#))
 2012, 2015: Mentor, Strategies for Ecology Education, Diversity and Sustainability (SEEDS), ESA
 2011-2012: New Generation Committee Member, ESA
 2011-2012: Instars Program Mentor, SFS

INTERNATIONAL PROGRAMS

- 2020: Abstract Organization Committee and Keynote Panel Moderator, Summer of Science, Society for Freshwater Science, June 9-12, Online due to COVID-19
- 2017-2018: Scientific Advisory Committee Member, Tropical Aquatic Ecosystems in the Anthropocene (AQUATROP), July 23-26, 2018, Quito, Ecuador.
- 2017: External Thesis Examiner, University of Cape Town
- 2016: Guest lecturer, Manejo de Cuencas, El Colegio de la Frontera Sur, Villahermosa, México
- 2016: Mentor, Ms. Alejandra Lázaro, Consejo Nacional de Ciencia y Tecnología (CONACYT) Fellowship (international laboratory exchange fellowship)
- 2015: Co-Organizer, 1st Conference on Biological Stoichiometry, Trent University
- 2015: Guest lecturer, Ecología de Peces Dulceacuícola, El Colegio de la Frontera Sur, San Cristóbal de las Casas, Chiapas, México
- 2012: Guest lecturer, Ecologia de Água Doce, Universidade do Estado do Rio de Janeiro, Rio de Janeiro, Brazil
- 2012: Workshop instructor, Grant Development and Submission, Partnerships for Enhanced Engagement in Research (PEER), US National Academies of Science, Solo, Indonesia

LOCAL COMMUNITY SERVICES AND RELATIONS SINCE COMING TO UGA

- 2023: Presentation, Pursuing Careers in Environmental Science, Athens Community Career Academy
- 2022: Presentation, Communities Upstream. Reynolds Linger Longer Living Seminar Series at Lake Oconee
- 2020: Presentation, Armored catfish are awesome. Turtle Pond Talks, Georgia Museum of Natural History
- 2018-2020: Septic Intern Manager, Athens-Clarke County
- 2018: Presentation, Drowning in waste: the ecological implications of failing infrastructure. Reynolds Linger Longer Living Seminar Series at Lake Oconee
- 2018: Organizer, Collaborative Workshop on Septic Planning (UGA researchers and staff from Athens-Clarke County and the North Atlanta Metro Region)
- 2018: Student Volunteer Organizer, Athens Clarke County Water Festival
- 2016-2018: Organizer, Collaboration between UGA, UOWN, and Athens Clarke County on the impacts of septic systems in the Oconee Watershed

SERVICE TO GOVERNMENTAL AND NONGOVERNMENTAL AGENCIES SINCE COMING TO UGA

- 2021: Presenter, The ecological implications of aging and obsolete onsite waste treatment systems. Office of Water, USEPA. (May 2021)
- 2021: Presenter, Virtual Workshop on Resilient Infrastructure. Sponsored by Florida International University and American Institute of Biological Sciences for national agency appointees of the Biden Administration and Congressional leadership. (April 2021)
- 2018: Organizing Committee Member, Upper Oconee Science and Policy Summit
- 2018: Organizer, Undergraduate Research Opportunities in partnership with the Upper Oconee Watershed Network (UOWN)
- 2017: Co-developer, the Watershed Learning Network, EcoAction/American Rivers

SERVICE TO PROFESSIONAL SOCIETIES, ORGANIZATIONS OR AGENCIES (Conference organization is italicized.)

- 2023: Co-Organizer, *Annual Meeting Society for Freshwater Science (SFS), Southeast Chapter*
- 2023: Co-Organizer, Special Organized Session, Georgia Water Resources Meeting
- 2022: Co-founder, Society for Freshwater Science (SFS), Southeast Chapter
- 2022: Co-Organizer, Special Organized Session, Joint Aquatic Sciences Meeting, Grand Rapids, Michigan
- 2021: Lead Organizer, Special Oral Session— The social and ecological implications of wastewater in freshwater systems, SFS
- 2021: Co-Organizer, Workshop on Mentoring Students from Underrepresented Backgrounds, Annual Meeting of SFS
- 2020-Present: JEDI Task Force Subcommittee Member, SFS
- 2020: Programming Team for Summer of Science Society for Freshwater Science (SFS)
- 2019-2020: *Annual Meeting Scientific Planning Committee, Association for the Sciences of Limnology and Oceanography (ASLO)/SFS (joint meeting)*
- 2019-2020: The ecology of sewage, Special Session, Joint meeting of ASLO/SFS, 7-12 June, 2020, Madison, WI (Cancelled due to COVID-19)
- 2019-2020: *Microplastics in the Environment, Online, Sept. 14, 2020, River Basin Center and the Tennessee Aquarium*

2016-present: Odum Representative, Association of Ecosystem Research Centers (AERC)
 2016-2018: Sponsorship and Development Committee, SFS
 2016-2017: Lead Organizer, Special Sessions, Annual Meeting of SFS
 2015: *Co-Organizer, 1st Conference on Biological Stoichiometry*
 2015: Organizer, Organized Oral Session—Solving complex problems: Socio-ecological research at the frontier of global change, Ecological Society of America (ESA)
 2015: Mentor, Strategies for Ecology Education, Diversity and Sustainability (SEEDS), ESA
 2014: Lead Organizer and Moderator, Special Oral Session—The future of aquatic science: an educational session for undergraduates, Aquatic Sciences Meeting, Portland, Oregon
 2014: *Co-Organizer, 3rd Symposium on Urbanization & Stream Ecology*
 2014-2017: Elections and Place Committee, SFS
 2014-present: Education and Diversity Committee, SFS
 2013-2019: Advisory Panel Member, Instars Diversity Program, SFS
 2013: Lead Organizer, Special Oral Session—More than just P in a bag: using consumer-driven nutrient dynamics to understand ecosystem processes, SFS
 2013: Lead Organizer and Moderator, Special Oral Session—The future of freshwater science: an educational session for undergraduates, SFS
 2012: Organizer and Moderator, Organized Oral Session—Species addition and loss: effects on ecosystem Processes in freshwater ecosystems, ESA
 2012: Organizer and Moderator, Special Oral Session—Species addition and loss: effects on ecosystem processes, SFS
 2012: Mentor, SEEDS, ESA
 2011-2012: New Generation Committee Member, ESA
 2011-2012: Instars Program Mentor, SFS
 2011-2012: Grant Manager, Researchers at Primarily Undergraduate Institutions, ESA
 2010-2011: Student Liaison, Researchers at Primarily Undergraduate Institutions, ESA
 2009-2010: Student-Mentor Mixer Committee, SFS/ASLO Joint Meeting
 2008-2009: Graduate Student Merchandizing Representative, SFS Annual Meeting

ELECTED POSITIONS

2022-present: *Secretary/Treasurer, Society for Freshwater Science, Southeast Chapter*
 2017-Present: *Member-at-Large, AERC*
 2008-2011: *Seminar Committee, BEB, Graduate Student Association*
 2007: *President, Biogeochemistry & Environmental Biocomplexity (BEB), Graduate Student Association*
 2006: *Event Planner, BEB, Graduate Student Association*
 1995-1998: Tri-Beta: The National Biological Fraternity, Hope College
 1995-1998: Pi Sigma Alpha: The Political Science National Honors Society, Hope College
 1996-1998: Student Congress Representative, Hope College

AD HOC MANUSCRIPT REVIEWS

Aquatic Invasions; Biological Invasions; Canadian Journal of Fisheries and Aquatic Sciences; Conservation, Ecology, & Management of Worldwide Catfish Populations & Habitats, American Fisheries Society; Earth's Future; Ecology; Ecology of Freshwater Fishes; Ecology Letters; Ecosphere; Ecosystems; Freshwater Biology; Freshwater Science; Frontiers in Ecology and the Environment; Functional Ecology; Global Change Biology; Hydrobiologia; Journal of Freshwater Ecology; Limnology and Oceanography; Limnology and Oceanography Letters; Marine and Freshwater Research; Oecologia; Proceedings of the Royal Society B

GRANT REVIEW PANEL MEMBER

2015, 2016, 2023: National Science Foundation (NSF)
 2012, 2015, 2016: NSF/USAID: Partnerships for Enhanced Engagement in Research

AD HOC GRANT REVIEWS

2019: Consejo Nacional de Ciencia y Tecnología, Mexico, Convocatoria Ciencia de Frontera
 2013, 2016: National Geographic Society
 2011, 2014, 2019, 2020, 2022: NSF

SERVICE ON DEPARTMENTAL, COLLEGE, OR UNIVERSITY COMMITTEES UGA

2025 (Scheduled): Peer Teaching Evaluation Committee, Odum School
 2024: Russell Award Selection Committee, University of Georgia
 2023: Search Committee Member, Assistant Professor, Evolutionary Ecology, Odum School of Ecology

2023-present: Service-Learning Faculty Mentor, University of Georgia
 2023-present: Faculty Teaching Mentor, Odum School of Ecology
 2023: Promotion Review Committee, Division of Academic Enhancement
 2023-present: Associate Director, River Basin Center
 2022-2023: Dean's Advisory Committee, Odum School of Ecology
 2022-2023: Seminar Organizing Committee Chair, River Basin Center
 2022: Search Committee Member, Open Rank Faculty in Disease Ecology, Odum School of Ecology
 2022: Search Committee Member, Business Operations Manager, Odum School of Ecology
 2022: Search Committee Member, Assistant Professor of Community Ecology, Odum School of Ecology
 2022: Search Committee Member, Administrative Financial Director, Odum School of Ecology
 2022: Organizer, Professional Development Series for Early Career Researchers Interested in Jobs in Academia (Two panel discussions, one grant writing workshop, and one meeting with NSF program officer), UGA
 2022: Organizing Committee Member, River Basin Center Policy Celebration
 2022: Co-Organizer, Celebration for the Career of Dr. Alan Covich, Join Aquatic Sciences Meeting, Grand Rapids, MI
 2021: Odum School Representative, Director Search for the Center for Applied Isotope Studies
 2021: Search Committee, Environmental Policy, Odum School of Ecology
 2020: Champion Faculty Member (UGA), National Alliance for Inclusive & Diverse STEM Faculty
 2020: Faculty Focus Group Participant, UGA Diversity and Excellence Committee
 2020-present: Faculty Mentor, Savannah River Ecology Laboratory
 2020-2022: Advisory Board Member, River Basin Center
 2020-2021: Director Search Committee, Center for Integrative Conservation Research
 2019-2022: Seminar Committee, Odum School of Ecology
 2019: Academic Review Panel, Odum School of Ecology
 2019: Panelist, Gender, the Body, and Fieldwork Across Disciplines, UGA
 2018-2019: Search Committee, Lecturer, Odum School of Ecology
 2018: Search Committee, Instructional Faculty, Odum School of Ecology
 2018: Undergraduate Education Committee, Savannah River Ecology Laboratory
 2018: Search Committee Member, Academic Professional Search, Odum School of Ecology
 2018-2019: Member, Panel of Diversity Representatives, UGA
 2017-present: Graduate Admissions Committee, Program in Integrative Conservation
 2017-2018: Search Committee, Organismal Ecology, Odum School of Ecology
 2017-2018: Odum 50:10 Celebration, Diversity Panel Organizer, Odum School of Ecology
 2017-2018: Member, Facilities Committee, Odum School of Ecology
 2016-2019: Founder and Head, Diversity Committee, Odum School of Ecology
 2016-2022: Member, Executive Committee Center for Integrative Conservation Research
 2016-2017: Member, Campus Relations Committee, Savannah River Ecology Laboratory
 2016-2017: Member, Building Committee for the Science Learning Center, UGA
 2016: Member, Science Learning Center Building Committee, UGA
 2015-2018: Member, Undergraduate Curriculum Committee, Odum School of Ecology
SERVICE TO STUDENT GROUPS AND ORGANIZATIONS UGA
 2023: Panelist, Graduate Safety in the Field, ICON/CICR
 2022: Organizer, Professional Development Series for Early Career Researchers Interested in Jobs in Academia (Two panel discussions, one grant writing workshop, and one meeting with NSF program officer), UGA
 2020: Organizer, Careers Outside of Academia Panel Discussions, Odum School of Ecology
 2018-2019: Faculty Advisor, EcoReach
 2018-2019: Faculty Advisor, Strategies for Ecology Education, Diversity & Sustainability
 2018-2019: New Approaches to Graduate Recruitment, UGA
 2016-2023: Judge Graduate Student Symposium, Odum School of Ecology
 2016-2019: Member, Student Fees Committee, Odum School of Ecology
 2016, 2017: Judge, Symposium for Integrative Conservation
 2015: Panelist, WiSci Career Symposium
